Business Opportunities

Consulting Services	The TA will be implemented over five months from April to August 2004. A total of 43 person months of international (16 person months) and domestic (27 person months) consultants will be engaged through a firm in accordance with the ADB's Guidelines on the Use of Consltants based on the quality and cost based selection method. The consultants will have expertise in water and wastewater management, wastewater treatment, tariff analysis, financial and economic analysis, institutional and regulatory development, social analysis, resettlement, and environment. Since the scope and terms of reference for consutlants are clear, the ADB simplified technical proposal approach will be used in selecting and engaging the consultants.
