The Nordic Institute of Asian Studies, depository library of the ADB, receives each year a large number of documents published by the ADB. The documents form an important addition to our collections on modern Asia.

However, we are somewhat confused about what we receive and what we have to find in the Full-Text Online Papers and Books base. For instance we have only received Research paper no. 50, Executive summary no. 65/02, Research policy brief no. 2 despite many more being available online.

The views expressed in this paper are the views of the authors and do not necessarily reflect the views or policies of the Asian Development Bank (ADB), or its Board of Directors or the governments they represent. ADB makes no representation concerning and does not guarantee the source, originality, accuracy, completeness or reliability of any statement, information, data, finding, interpretation, advice, opinion, or view presented.
