## Footnotes:

*Some footnotes apply only to the 18-year series available online.*

- a Population figures from 1987-1991 are projections from ESCAP. The 1992 and 2002 figures are census data. There is no official population projections for the years in between censuses.
- b Includes manufacturing and utilities.
- c Includes hotels and restaurants.
- d Composed of the following subsectors: financial intermediation, real estate, renting and business services; public administration and defense, compulsory social security; education, health and social work, other community, social and personal services; and private households with employed persons.
- e 1995-2002 data are available in million US dollars. Figures were converted to Australian dollars using the exchange rates from the IMF, *International Financial Statistics*.
- f Prior to 1990, covers trade with Australia and New Zealand only.
