

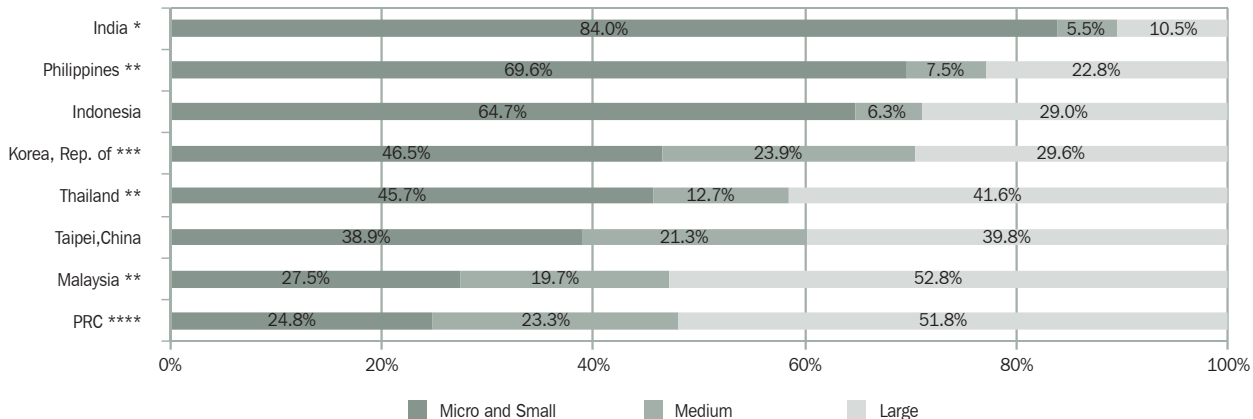

Figure 1.1 Share of Manufacturing Employment by Enterprise Size-Groups (%)

Notes: Micro and Small: 1–49 workers in all countries except Thailand (1–50 workers); Medium: 50–199 in all countries except Thailand (51–200 workers); Large: 200 or more workers in all countries except Thailand (more than 200 workers)

* India's manufacturing employment includes workers in own-account manufacturing enterprises (OAME)

** Includes imputation for the self-employed based on differentials between labor force survey and enterprise survey/census data

*** Data on Korean microenterprises are not available

**** Adds the 5.9 million self-employed described in Box 3.1

Source: Authors' estimates. See Box 3.1 for details.
