I. CACILM National realization

A. National Coordination Committee (NCC) Activity

In the course the NCC meeting on the April 22 of 2008 considered an analytical review on Information Systems for land sources sustainable development (IS-SLM); - made an assessment of organization NSEC capacity and identified Kazakhstan responsible organization for IS- SLM National Division formation. According to the NCC protocol on 23 of September, 2008. There were made some changes and addition NSEC to the NCC (Annex 1 and 3), also there was made a decision on amendments and addition NSEC to the NPF (protocol 2), all the materials discussed at the NCC meetings were prepared by the NSEC jointly with the NCC Secretary, Mrs. M. Shankulova.

At the second CACILM Steering Committee meeting in April of 2008, in Ashhabade Mr. B. Bekniyazov, the NCC representative took part (by reporting on the «NFP Implementation Progress in Kazakhstan»). NSEC made the selection of materials for the presentation preparation.

The NCC Chairman, Mr. B. Bekniyaz-CACILM The Planning Meeting on 14-16 January in Bishkek. Kyrgyzstan (an initiative to hold a donor conference for SLM and CACILM activity further financing). NSEC was decided on the institutional participation, adjusted NFP Annex 5 (logical framework) with GTZ.

The NCC Secretary-M.Shankulova participated in the seminar devoted to the research project R-SLM-ICARDA-CAD on the February, 7-10 of 2008 in Tashkent, Uzbekistan - changes and addition NSEC to the draft « Research Prospects: A look on the research of sustainable land management in Central Asia».

Chairman of NCC, Mr. B.Bekniyaz “International Projects for Sustainable Development (hereinafter-SD) in the Year of Planet Earth” Forum, on the March, 18-19 in Almaty, Kazakhstan (Info SD SC).

NCC Chairman, Mr. B. Bekniyazov, the NCC members M. Shankulova, T. Tazhmagambet-The First International Forum «SD Eurasian continent» June, 3 of 2008, Astana, Kazakhstan (presiding over the section on research, editing abstracts of the forum). NSEC organized NCC and CA NSEKs members invitation (U. Abdullaev, R. Taryannikova, N. Korpeev, A. Abdullaev, participants from Tajikistan) and their participation in the forum.

NCC Member Mrs. F. Zh. Akiyanova – participation in CREEK, Istanbul, November 2008.

The NCC President B.Bekniyaz- MKYP November,21 of 2008, Bishkek (The Republic of Kazakhstan participation).

Field Events: The Shetsky project in Karaganda region, Kazakhstan (M. Shankulova, E. Azhigaliev), July,17, 2008; «Temir aiyl ukumeti» in Kyrgyzstan (M. Shankulova, A.Bely - local communities pastures management experiences use sharing in ongoing and starting projects). NSEC organized CA NCC members (U. Abdullaev, R. Taryannikova, N. Korpeev) invitation and participation in the field seminar.

The Starting seminar in September, in Tashkent on IS-SLM, National Information Systems Organization team NORIS (NCC member, Project Director F. Akiyanova, of the (NORIS group task in Kazakhstan, information on the assigned memorandums to obtain information from various sources, A. Eszhanova – team leader, the purpose, objectives and work methodology preparation).

B. National secretary activity in 2008 year

Materials preparation for the NCC and Steering Committee meetings, review of organizational issues on the NCC members change.

There was realized equipment purchasing for NSEC staff by the means of NSEC on acquisition price, the NSEC Kazakhstan web site establishment and operation.

GTZ cooperation work plan 2008 had been prepared and approved, there was conducted experts selection of to carry out plan schedule, experts work publication on the Web site for of NCC experts discussion.

There were prepared documents and NSEC Kazakhstan NGO entity «CACILM Public Fund» had been established.

Assistance in potential partners identification and information systems for the SLM to Almaty and Astana experts search, obtaining information from stakeholders.

ADB tranche on knowledge distribution component materials preparation is been completed in 2008 (January-February) and the all the work finis in 2009 (October-November).

Participation in multilateral projects work programs preparation: R-SLM ICARDA (January, Tashkent), the project IS-SLM (February-Astana), a project to enhance capacity (May, June - Bishkek, September-Astana).

UNDP GEF medium scale projects («Steppe ecosystems management», «Pastures management») monitoring and evaluation for the NCC and Ministry of Environment protection.

Participation in the NCC proposals preparation for the Drought Center establishment (January-Tashkent) projects approval process.

The (first year half) Kyzylorda region "Irrigated ecosystems management" project proposals harmonization in State institution NSEC jointly with the NCC.

Assistance in experts search (July-August) and the «Capacity Building» project NCC members and experts (R. Crowley, V. Gromov, N. Grigoruk, A. Zhanserikova in Almaty and the city. Tselinograd and etc.) working meeting prepared.

Proposals for the NCC and GEF Kazakhstan National Coordinator for funding (November 2008).

The NSEC activity to support the NCC in 2008.

At CACILM Steering Committee second meeting in April of 2008 in Ashkhabad took part M. Baekenova to represent the report «Domestic resources mobilization for SLM in Kazakhstan», the Global Mechanism organized training to mobilize resources in Kazakhstan.

The NSEC Head M. Baekenova - report on the role of CACILM in Kazakhstan at the conference devoted to «Problems of agricultural ecology and the environment», April, 13, Kyzyl-Orda, Kazakhstan.

The NSEC Head M. Baekenova –presentation devoted to SLM in Kazakhstan at the International Seminar «The program of action in the north-east Asia NESRAP to combat desertification and dust / sandstorms» 16-18 April, Bangkok, Thailand the UNCCD secretariat invitation.

All the NSEC members - poster presentation on the CACILM activity organization at the First International Forum «Sustainable development of the Eurasian continent» June, 3 2008, Astana, Kazakhstan, preparatioNSEC for publication of abstracts of the forum, including SLM.

The NSEC Head Baekenova M.K.-December 4, 2008. , Economic Commission for Europe Seminar "The EU Water Initiative", the report on «The international cooperation to ensure integrated management of water resources», proposals for SLM in the project« Regional Cooperation in the field of environmental protection in Central Asian countries (EURECA) preparation, aiming onto the MMA RK, Ministry of Foreign Affairs of the Republic of Kazakhstan and the Ministry of economy and mineral sources RK.

The NSEC activity on the CACILM projects support in 2008.

The NSEC Head M. Baekenova - participation in the seminar on the research project and SLM-ICARDA-CAC on 7-10 of February 2008 in Tashkent, Uzbekistan, research results replication proposals.

The participation of all RK NSEC members in field seminars on 16 April 2008 at the pilot sites for the E-SLM ICARDA Shiliyskom in the area of the Kyzyl-Orda region

The participation of all Uzbekistan NSEC, Kazakhstan NSEC and Turkmenistan NSEC members in the field workshop on the 6 of June, 2008 at the « Drylands Managing» in Shetsky region of Karaganda district, Kazakhstan;

All the NSEC members participation together with the NCC and the Kyrgyzstan NSEC in the «Managing irrigated ecosystem in the Kyzyl-Orda area» project seminar-presentation on the 6-17 of July 2008. in Kyrgyzstan.

All NCC members, 18 of July, «Temir aiyl ukumeti» field seminar in Kyrgyzstan, together with the Kyrgyzstan NSEC.

The NSEC Head Baekenova M.K.-26 of April,2008 Turkmenistan NSEC, together with the CAC NSECs in the field workshop on the GEF project,

The NSEC Head Baekenova M.K. – May, 7 of 2008, Bishkek – ADB, GEF Starting Seminar on the «Capacity Building», representation of the RK NSEK activities information.

The NSEC Head Baekenova M.K - July 2008., Bishkek seminar ADB, GEF-«Capacity Building», offers a program of activities in the project.

All the NSEC members: proposals preparation for the ADB on the «Knowledge management component CACILM activity».

The NSEC expert Ermahanova E. M. - Training on the NFP indicators - June, Kyrgyzstan.

The starting seminar in September, Tashkent on the IS-SLM, NSEC members participation (Baekenova M. and E. Ermahanova team NORIS).

All the NSEC members: preparation of information to the independent review on the commitments implementation under the UN Convention to Combat Desertification CACILM / CCD implementation in Kazakhstan for the NFR RIOD-Kazakhstan, the DRYNET network.

The NSEC participation as NSEC in various workshops which promoted knowledge improvement or donors and international organization NSEC awareness on the CACILM.

All the NSEC members: the First International Forum on the « Eurasian continent Sustainable development», June 3 of 2008, Astana, Kazakhstan, poster presentation on the CACILM activities.

The NSEC Head Baekenova M.- an International Seminar on «The action program in the north-eastern Asian region of NESRAP to combat desertification and dust / sand storms» 16-18 of April, Bangkok, Thailand on the invitation of the UNCCD secretariat presentation by the status of the ILA in Kazakhstan.

The NSEC Head Baekenova M.K - participation in the high-level EU and Central Asia meeting: The platform for cooperation in the field of environment and water resources. Ashgabat, 3 of December, 2008.

The NSEC activities on the other SLM initiatives.

The NSEC Head Baekenova M. K.: participation in the seminar on «Water Initiative», European Commission, Ashgabat, 4 of December, 2008. Preparation of proposals for the EC on the project finance support through the MMA, MEBP and the Ministry of finances, RK.

The NSEC Head Baekenova M. K.: participation on the 21 of October, 2008, Almaty in the International scientific conference «Science and the challenges of our time».

The NSEC, together with the NCC prepared proposals for the next meeting of the for Sustainable Development Council (SDC) on the 20 of November, 2008 at the Prime Minister office on desertification problems.

The NSEC, together with the NCC prepared the information on the implementation plan of the activities of the Program to Combat Desertification in Kazakhstan for 2004-2015.

In November of 2008, NSEC presentation there was organized a meeting between the ADB representative (Robert Everitt) and experts from the Republic of Kazakhstan devoted to on climate change issues.

NSEC activity under GTZ co-financing in 2008 year.

NSEC has prepared for GTZ Tasks of Responsibilities projects for the experts to 7 items of operational plan-GTZ-format, took part in: arrangements and experts approval together with GTZ multi country office in Kazakhstan, the NCC experts activity representation for information and analysis, deployment of experts realized activity representation at CACILM Web site. Together with the office-GTZ and NSEC Kyrgyzstan have undertaken arrangement of the Seminar (July, 2008.) Visits the project area on R-SLM, working visits to NCC sessions. By the GTZ financial support NSEC CACILM website function NSEC where m are work results and Kazakhstan legislation materials for SLM improvement performed in English language. Part of operation NSEC on the NFP updated version publication and knowledge dissemination component are rescheduled for 2009.

NSEC staff changes (new members)

New members are planned to be employed without salary financing volume change in 2009 year.

II 2008 work plan realization results.

Component 1. The NCC overview of State programs.

1.1 The NFP realization overview.

At the NCC meeting on 23 of September, 2008 there was decided to make amendments and addition NSEC to the NFP (see Appendix 2 – NCC Protocol, item 2). Previously, these works have

been put into the GTZ operation plan for 2008 (Operational Plan GTZ-format, Activity 3.1.2 and 3.1.4) The NSEC have started the work on changes and addition NSEC to the NFP logical frameworks (Annex 5) and the NFP explanatory note. Work on updating the NFP would be continued in 2009 and reflected in the NSEC work plan for 2009.

At the NCC request the NSEC will update the NFP, considering the agriculture sector adaptation in view of climate change and food security.

New SLM projects or proposals approved by NCC. At the NCC meeting on 23 of September it was decided to include into the updated NPF the GEF / UNDP project «Integrated conservation of priority globally significant wetlands as habitats of migratory birds. Demonstration of the three project areas». The project is being implemented in three project areas: Delta river Ural. Tengiz-Korgalzhynskaya and Alakol-Sasykolskaya lakes system. The aim of the project, select and demonstrate new approaches in the conservation of biological resources globally significant wetlands.

Project: «The conservation of forests and the Republic territory forest cover increase»

Project objective: to develop of ecological and economic services through more sustainable use of natural resources, to increase the productivity, improve forests and associated rangelands preservation, with particular focus on the pine forests north-eastern part of the Republic of Kazakhstan (Pavlodar and East Kazakhstan oblasts) and saksaul pastures in the south (Kyzylorda Region):

Changes undertaken by the Republic of Kazakhstan Government in 2008 year.

The Republic of Kazakhstan Government decree № 581 “On the lands evaluation environmental criteria approve” was passed.

1.2 SLM projects supported by CACILM GEF, the NCC overview.

Full GEF project: “The sustainable management of rangeland resources to improve the welfare of rural people and preserving ecological integrity” (the project is a part of CACILM PPP, approved by the GEF Council in August of 2006)

The NCC determined the draft among public bodies as a real contribution to the CACILM complex goals achievement and model for further dissemination., Assistance in the implementation of practical experience in national law and policy field SNSU, livestock and landscape planning;

in December the NCC through the State Ministry of environment protection executive agency, initiated the participation of «PF CACILM» (legal entity of NSEK RK) in component 3 of GEF / UNDP project «Conservation and sustainable management of steppe ecosystems»

1.3 SLM CACILM Multicountry components, the NCC overview.

The SLM exploration NSEC are been approved, the direction of research (land salinity decrease and pasture management), the pilot areas and the executives team has been chosen, national coordinator of the project has been appointed (Dr. Abdullah Saparov);

SLM - Information Systems, the executive agency and information sources stakeholders list approved, Project Director has been appointed (Dr. F. Akiyanova);

SLM - knowledge management, the NCC activity information is on the Web site, the CACILM plan activities information approved, information Kazakhstan SLM legislation changes.

SLM - capacity building, the project experts group represented information there were made recommendations NSEC for project parameters inclusion in the output

1.4 Projects supported by other donors and CA countries budgets (non CACILM), the NCC overview.

| № | Project name | Realization terms, NCC member | Financial sources. Project budget | Project realization process |
|-----------|-------------------------------|--|---|---|
| 1. | «Dry lands management» | 2003-2008 The NCC Chair B. Bekhniyaz, NCC member M. Shankulova | GEF/WB 9,7 million of USD, GEF grant from the | The 2 ha reservation for the production of seedlings teresken had been established, 1000. acacia bushes had been planted; Realized a new perennial grasses |

A of of the problems The working on the IBB problems film the second and third version are been viewed and discussed. A legislation materials drafts had been prepared cluster for Managing Institution establishment. |

NCC membership in project guiding committees

F. Zh. Akiyanova- IS-SLM project director, Baekenova M. K participation. in PAC («Barriers elimination and municipal heating energy efficiency improvement»), Shabanova L. V. («Environment monitoring system organization and information management for sustainable land-use»), A. Borovkov, K. Ustemirov («Forests Preservation and territory afforestation in the Republic»), B. Utkelov («Arid Lands Management»), B. Bekniyazov («Rangelands Sustainable management to improve rural inhabitation welfare and preserving ecological integrity», «Steppe ecosystems conservation and sustainable management»)

Component 2: NSEC monitoring and NFP data reporting for NCC

2.1 SLM Projects: «Dry Lands Management», “Rangelands Sustainable management to improve rural inhabitation welfare and preserving ecological integrity”

2.2 NFP projects monitoring and evaluation

NSEC for the NCC has prepared information on UNDP/ GEF projects of “Rangelands Sustainable management to improve rural inhabitation welfare and preserving ecological integrity” and «Steppe ecosystems conservation and sustainable management».

The result Indicators if NFP implementation were represented to MSEC at the IS-SLM starting workshop in Tashkent (September).

2.3 SLM CACILM projects supported by GEF, monitoring and evaluation:

NSEC has logical frameworks for all CACILM projects funded by GEF.

CACILM projects information and reports NSEC requested through the NCC members.

NSEC assists in obtaining information from NCC members and stakeholders group for NORIS.

NSEC can not prepare a report on each CACILM project and provide the results to the NCC. But, NSEC may conduct an expert early or other project stages evaluation.

At the same time, NSEC members are not included in CACILM projects PACs despite the Steering Committee (B. Mamayev and other donors) support in the matter.

Component 3: The NSEC support for components SLM CMPF-SP (see Section 1.3 of current report)

3.1 Research - SLM component

NSEC submitted a report ICARDA for the 1 half of 2008 on the to CACILM partner countries support project in land resources sustainable management of research «Prospects of Research: A look at the SLM study in Central Asia» document. in 2009 It is supposed to invite R-SLM executives to the NCC meeting.

3.2 Information systems – SLM component

Information on the SLM- IS progress of has not been provided by NSEC to NCC in connection with the work start in September of 2008.

Rural areas land degradation and living condition improve Indicators will be used for the SLM in the reports on NFP implementation monitoring after their final edition and approval by the NCC.

3.3 Knowledge management – SLM component

Realization: information posted by the NSEC on the CACILM website in the CACILM Knowledge Networks room; in the Newsletters room; in the Finance room (Finances and tranches, the work plan information on the CACILM public foundation, projects execution), in the «The adopted documents» and «Documents for the discussion», NFP.

3.4 Potential strengthening – SLM component (see issue 1.3 of current document)

The NSEC does not have logical frames of PF-SLM project

Component 4: Administration

4.1 NSEC reports and presentations

See annex 4

4.2 Financial reports

Expended in 2008.

| | Budget as per LOA | Expended | | Balance |
|----------------|-------------------|---------------|---------------|--------------|

4.3 Personnel

See NSEC personnel list in annex 5.

IV. NSEC 2009 work plan recommendations

- Work on the NPF updating under the GTZ financial assistance, in correspondence with the agreed NSEC operational plan to be held in 2009.

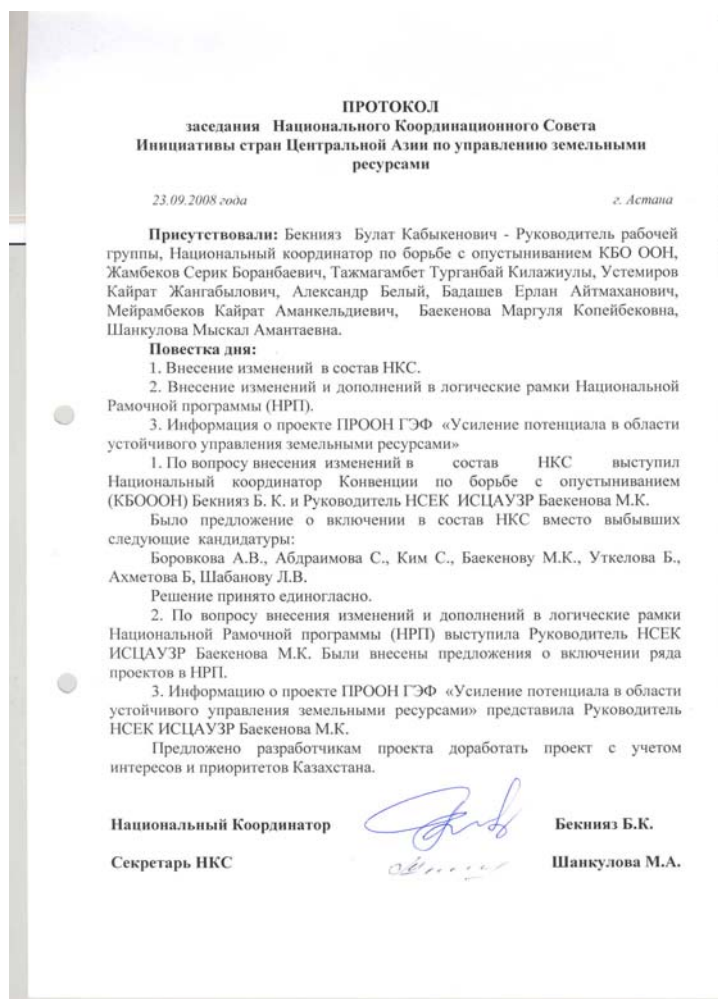

V. NSEC/NCC recommendations on the MSEC work plan for 2009.

2009 MSEC work plan is needed to be completed with NSEC staff business trips to the R-SLM project territories of CA countries, NCC meetings in the form of round tables with participation of large corporations and organizations managing natural sources under the GTZ financial support for SLM projects results dissemination.

VI. Other

In 2009 MSEC, ADB, GTZ and the Steering Committee CACILM should include a workshop on mobilization resource (draft Global Mechanism) and NSEC participation in the performance of ADB projects on Kazakhstan economy adaptation to the climate change and food security.

Environment protection Minister Order
- On the establishment of CACILM National Coordinating Center

CACILM National Coordination Committee workshop protocol.

23/09/2008

Astana

Attended: Bekhniyaz Bulat Kabaykenovich – working group leader, UNCCD National coordinator, Zhabekova Serik Boranbayevich, Tzhmagambet Turganbay Kylazhyuly, Ustemirov Kayrat Zhangabylovich, Alexander Bely, Badashev Erlan Aytmakhanovich, Meyrambekhov Kayrat Amankeldievich, Baekenova Margulya Kupeybekovna, Shankylova Myskal Amantayevna.

Agenda:

1. The NCC content change.
2. NFP logical frames changes and additions introduction.
3. “Lands sustainable management potential facilitation” UNDP/GEF project information.

1. On the NCC content change, UNCCD National coordinator Bulat Bekhniyaz and NSEC CACILM head Baekenova Margulya Kupeybekovna spoke. There was made a proposal to include the next candidates into the NCC stuff: Borovkov A. V., Abdrayimov S., Kim S., Baekenova M. K., Utkelov B., Akhmetov B., Shabanova L. V.
2. On the issue of NFP logical frames changes and additions introduction NSEC CACILM head Baekenova Margulya Kupeybekovna spoke. There were made proposals on the range of projects involve to the NFP.
3. The “Lands sustainable management potential facilitation” UNDP/GEF project information represented Baekenova Margulya Kupeybekovna. There had been made a proposal to complete the project considering Kazakhstan priorities

Assigned by Bolat Bekhniyazov and Myskal Shankulova
