

## Comments on ADB's Energy Strategy (version May 2007)

To: Strategy Feedback Form

From: Xavier Lemaire  
Sustainable Energy Regulation Network - REEEP

Date: 27 July 2007

---

Comments: Point 40, page 15

Technical challenges for integration of RE in the 10-20% range have already been tackled in some countries (e.g. Denmark, Germany). Higher penetration of RE (over 30%) can be achieved according to the context of the country. See IEA Technology Experts Meeting on Grid Integration of Electricity from RE, 29 May 2007.
