

**Management Response on the Special Evaluation Study  
on Small-Scale Freshwater Rural Aquaculture Development  
for Poverty Reduction**

On 26 August 2004, the Director General, Operations Evaluation Department, received the following response from the Managing Director General on behalf of Management:

"Management and staff noted that the analytical framework provided in the report is a very useful tool for the design of future projects of similar type. We have already used the framework to evaluate an aquaculture project recently considered in a Management Review Meeting (MRM)."
