**Dr. Kallidaikurichi Easwaran Seetharam** is currently ADB's Principal Water and Urban Development Specialist at the Energy Transport and Water Division of the Regional and Sustainable Development Department. He serves as ADB's focal point in guiding operations in water supply, sanitation, and wastewater management in line with ADB's Water Policy. He is also the focal point for the urban development network within ADB. He joined ADB in 1997 as evaluation specialist at the operations evaluation department. In 2003, he moved to South Asia Department as senior project specialist.

Seetharam's professional skills covers water, urban infrastructure, transport, energy, environment, and education. His 20 years of practical and research experience covers private sector, multilateral and bilateral organizations, and the academe.

Seetharam holds a bachelor's degree in Mechanical Engineering from the Indian Institute of Technology (All India Rank 4), master's degree in Industrial Engineering and Management from the Asian Institute of Technology (President's Prize), and doctoral degree in Civil Engineering (Regional and Urban Development Planning and surveying) from the University of Tokyo.

Seetharam received the *ADB President's Performance Recognition Award* in 2002 for his contribution to the Water Sector Committee, which included leading the internal review of the implementation of the ADB Water Policy. He also received the Water Voice Award at the Third World Water Forum in Japan (2003) for contributing over 1,500 water voices.

Please see [www.adb.org/water](http://www.adb.org/water) and [www.adb.org/urbandev](http://www.adb.org/urbandev) for a list of activities managed by Seetharam.
