

## PROJECT FRAMEWORK

Design Summary	Performance Indicators & Targets <i>(Quantity &amp;/or Quality, &amp; Timing)</i>	Monitoring Mechanisms <i>(Sources of information to assess performance vs. indicators, and frequency of data collection)</i>	Assumptions and Risks <i>(Conditions beyond direct control of the project, but necessary for success)</i>
<b>GOAL</b> (Long Term Development Objective)			<i>[LEAVE BLANK]</i>
<b>PURPOSE</b> (Immediate Development Objective)	<i>[Describe End of Project Success Status]</i>		<b>Purpose to Goal</b>
<b>OUTPUTS</b> (Deliverables) 1.  2.  <i>[etc.]</i>	<i>[Deliverables Completed – Quantity, Quality &amp; Time]</i>		<b>Output to Purpose</b>
<b>ACTIVITIES</b> (Group key activities by each of the deliverables above) 1. 1.a.  1.b.  1.c.  2. 2.a.  <i>[etc.]</i>	<i>[Schedule &amp; Responsibility]</i>  Start: Complete: Responsibility:  Start: Complete: Responsibility:  Start: Complete: Responsibility:  Start: Complete: Responsibility:		<b>Activity to Output</b>
<b>INPUTS</b> Consultants:  Equipment, software, supplies:  Training:  Civil Works:  Counterpart & project management:  Beneficiary participation:  Private Sector contribution:  Other Donors:  TOTAL ADB LOAN	<i>[Resources: \$ &amp;/or Level of Effort]</i> Total \$ Person-months LoE International: Domestic:  \$  \$  \$  \$  Person months LoE  \$  \$  \$		<b>Input to Activity</b>

**NOTE:** Project Frameworks should summarize the key project elements. ADB's 9 September 1999 Strategic & Policy Office (SPO) Staff Instruction suggests that a logframe for the RRP — Report & Recommendation to the President — should not be more than four (4) pages long. However, these length restrictions do not apply to PAMs.
