University of the Philippines
Diliman, Quezon City

Workshop on Strategic Management of Anti-Corruption Program

9 – 13 July 2007

Partners and Sponsors

- Asian Development Bank
- Network of Asia Pacific Schools and Institutes of Public Administration and Governance
- INTAN of Malaysia
- Anti-Corruption Academy, Malaysian Anti-Corruption Agency
- United States Agency for International Development
- Center for Policy and Executive Development, National College of Public Administration and Governance, University of the Philippines
- Government of the Philippines

Enhancing Knowledge and Capacity

- Slow growth
- Deepening poverty
- Widening gaps
- Lack of institutional capacities
- Improving service delivery
- Combating corruption
- Strengthening the role of educational and training institutions

Negative Impact of Corruption

- Undermines the rule of law
- Diminishes effectiveness and efficiency of institutions
- Erodes public trust
- Restricts development
- Exacerbates poverty

Fighting Corruption

- International support
- Enabling policy environment
- Programs and initiatives
(including countless training programs and workshops)

So What's the Score?

- Corruption is still pervasive
- Public apathy and despair
- Poverty
- Weak institutions
- Lawlessness
- The country is lagging behind

Course Objectives

- Better understand the causes and effects of corruption
- Enhance know-how and skills in managing the fight against corruption
- Develop anti-corruption strategies

Desired Outcomes

- Explain the concepts and approaches
- Develop effective measures
- Broaden and deepen partnerships
- Action plan to fight corruption
