a Net flows refer to disbursements minus principal repayments.

b Refer to the sum of nonguaranteed long-term debt from bonds that are privately placed and public and publicly guaranteed debt from bonds that are either publicly issued or privately placed. Long-term debts have maturity of more than one year and is owed to nonresidents and repayable in foreign currency, goods or services.

c Refer to the sum of nonguaranteed long-term commercial bank loans, public and publicly guaranteed commercial bank loans and public and publicly guaranteed private credits from other private creditors. Commercial bank loans are owed from private banks and other private financial institutions while other private credits are from manufacturers, exporters, and other suppliers of goods, and bank credits covered by a guarantee of an export credit agency.

d Refers to the sum of bonds and bank and trade-related lending.

e Includes data for all developing countries in the WB, *Global Development Finance 2001*.
