

Knowledge Performance Metrics

March 2009

- A strategy is a long-term plan of action designed to achieve a particular goal.
- Leadership is the process of working out the right things to do. Management is the process of doing things right.
- When working with others, efforts sometimes turn out to be less than the sum of the parts.
- Two-way communications that take place simply and effectively build knowledge.
- Knowledge leaks in various ways at various times. Essential knowledge must be retained.

Strategy Development

- TA 6468-REG: Selected Evaluation Studies for 2008
- TA 6410-REG: Capacity Development for Monitoring and Evaluation
- Independent Evaluation at the Asian Development Bank
- Learning Lessons in ADB
- Auditing the Lessons Architecture
- IED Department Retreat

Management Techniques

- Evaluation Community of Practice Sessions for Knowledge Sharing
- Management Action Record System
- Validations of ADB Project and Program Completion Reports, and Country Partnership Strategy Completion reports

Collaboration Mechanisms

- ECGnet, ECG Secretariat, OECD-DAC, SHIPDET, Malaysian Evaluation Society, etc.
- Review of Reports and Recommendations of the President, and Project Preparatory Technical Assistance Reports; Management Review Meetings; Staff Review Committee Meetings
- Project Processing and Portfolio Management (P3M): As-Is and To-Be Business Process Documentation
- IED Help Desk
- ADB Operations Toolkit
- IED Interface with ADB Offices and Departments

Note: Many of the documents at ADB.org are meant for printing or offline reading. They are available for download in PDF. Because of the way ADB's web server works, every click on a link leading to these files is considered a download. If a user jumps back and forth between two different documents, each click is registered as a separate download. Downloads from ADB's headquarters are not included.
