Annex 4.

RETA 6483 - Adopting the Supply and Use Frameworks Towards 1993 System of National Accounts Compliance in Selected Developing Member Countries

ACTIVITY	Responsible Agency/Party	2008					2009											2010												Line no. in Regl work plan presented in the Inception
		8	9	10	11	12	1	2	3	4	5	6	7	8	9	10	11	12	1	2	3	4	5	6	7	8	9	10	11	12	
			1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	
PRESENTED DURING THE INCEPTION WORKSHOP (TILL DATA REVIEW PHASE 2)																															
1. RETA preparatory activities																															
1.1 Review reports and data submitted by countries that participated in the 2005 ICP Asia Pacific to identify those that are to be included in the project	ADB																														1.1.1
1.2 Identify countries for the Project	ADB																														1.1
1.3 Assess the UNSD report on countrie's compliance with the 1993 SNA recommendations in terms of meeting the minimum requirement data set	ADB																														1.1.2
1.4 Communicate with and seek concurrence of countries on their willingness to participate in the RETA	ADB																														1.1.3
2. Establishment of supply and use framework for data gap assessment and estimation based on 1993 System of National Accounts																															
2.1 Data gap assessment																															
2.1.1 Review concepts, methodologies and recommendations of the 1993 System of National Accounts	ALL																														1.2.1
2.1.2 Evaluate current status of national accounts of participating DMCs	ADB																														1.2.2
2.1.3 Development of data assessment form that will determine data availability and data gaps																															
2.1.3.1 Prepare templates and data assessment form to determine stocks of data available at the most detailed level in the compilation of national accounts in each country	ADB																														1.2.3
2.1.3.2 Participating countries to submit data assessment form	NIA																														1.2.4
2.1.2 Review forms submitted and conduct country validation as necessary	ADB																														1.2.7
2.2 Inception workshops to discuss objective, output, deliverables, and preliminary work plan. Delivarables arising from the conduct of the Workshop include:																															1.2.6
2.2.1 Participating agency to prepare and implement working plan to upgrade national accounts in line with the 1993 SNA	NIA																														1.2.5
2.2.2 Provide pro-forma matrices for the compilation of Supply and Use Table	ADB																														
2.2.3 Provide additional information from their existing I/O tables	NIA																														1.2.8
2.2.4 Participating countries to submit completed gross output at basic prices and intermediate consumption at purchaser's prices matrices	NIA																														2.2
2.3 Identification of administrative data sources and proxy indicators in addition to survey data to meet the minimum required data sets and the construction of supply and use table																															2
2.3.2 Review and validate matrices submitted by countries	ADB																														2.3
2.3.1 Countries to provide list of specific data sources used in the compilation of gross output and intermediate consumption matrices	NIA																														2.4
2.3.2 ADB to construct database of submission of countries from acitivity 2.3.1	ADB																														
2.3.4 Data review workshop (DRW), phase 1.	ALL																														2.1
2.3.5 Complete final demand, trade and transport margin, taxes less subsidies and other matrices for the compilation of SUT and minimum requirement data set	NIA																														
2.3.6 Participating countries to submit preliminary balance supply and use table	NIA																														

RETA 6483 - Adopting the Supply and Use Frameworks Towards 1993 System of National Accounts Compliance in Selected Developing Member Countries

ACTIVITY	Responsible Agency/Party	2008					2009											2010												Line no. in Regl work plan presented in the Inception
		8	9	10	11	12	1	2	3	4	5	6	7	8	9	10	11	12	1	2	3	4	5	6	7	8	9	10	11	12	
			1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	
2.3.7 Compile preliminary SUT and minimum requirement data sets	NIA																													2.5
2.3.8 Review country specific sources of data used in the compilation of SUT and the minimum requirement data sets (including GO, IC, final demand, trade and transport margin, taxes less subsidies and other matrices for the compilation of SUT and minimum requirement data set)	ALL																													
2.3.9 Data review workshop, phase 2 (DRW2)	ALL																													2.6
ACIVITIES AFTER THE DATA REVIEW PHASE 2 WORKSHOP																														
3. Compilation of Supply and Use Tables and the Minimum Requirement Data Sets in accordance with the 1993 SNA recommendations																														
3.1 Development of frameworks to derived sufficiently detailed expenditures weights required for PPP compilation																														
3.1.1 Construct a bridge table for commodity classification based on CPC and expenditure classification based on ICP basic headings (as row)	ADB																													
3.1.2 Construct final demand tables by ICP Classification with basic heading details based on the FD tables submitted by countries (Refer to activity 2.3.5)	ADB																													
3.1.3 Allocate group or class levels/weights from table derived in activity 3.1.2 into basic heading using available basic heading expenditure weights	ADB																													
3.2 Compilation of SUT and the minimum requirement data set incorporating 1993 SNA recommendations																														
3.2.1 Estimate GDP by three approaches from the SUT derived in Acitivity 2.3.7	NIA																													
3.2.2 Countries to provide the minimum requirement data set and SUTs based on Tables derived from activity 3.2.1	NIA																													
3.2.3 Consolidate the minimum requirement data set and SUTs submitted by countries and determine/propose level of details and information to be included in the publication	ADB																													
3.2.4 Data review workshop, phase 3 (DRW3)	ALL																													
3.3 Finalization of estimates																														
3.3.1 Countries to incorporate comments and findings based on DRW3 and revise estimates/tables, accordingly	NIA																													
3.3.2 Countries to submit final tables (SUT (Two) and the minimum requirement data set (seven tables)) to ADB	NIA																													
3.3.3 Conduct result review workshop to present the final tables to be included in the publication	ALL																													
3.4 Preparation and publication of SUTs and the minimum requirement data sets for 1993 SNA compliance by selected DMCs																														
3.4.1 Prepare standard format for country reports to be included in the publication	ADB																													
3.4.2 Country reports on the implementation of RETA 6483	NIA																													
3.4.3 Editing and Finalization of publication	ADB																													
3.4.4 Publication	ADB																													

Notes:

ADB - Asian Development Bank

NIA - National Implementing Agencies

ALL - ADB, NIA representative, Resource Persons

Legends

Actual implementation of activities.

Countries have the option to submit before the hard deadlines if data are already available

Tentative schedule of workshops
