

Toward the Next NARBO Workshop

The views expressed in this paper are the views of the authors and do not necessarily reflect the views or policies of the Asian Development Bank (ADB), or its Board of Directors, or the governments they represent. ADB does not guarantee the accuracy of the data included in this paper and accepts no responsibility for any consequences of their use. Terminology used may not necessarily be consistent with ADB official terms.

The objective of next workshop

- (1) Analysis of causes of issues
- (2) Suggestion for improvement

But, how to consider?

How to consider? (Issues)

1. The example of water-related trouble

“Water Conflict between different water sectors”

What is the issue?

2. Issues (on water allocation) to be assumed

- (1) Lack or dysfunction of river basin plan
 - (2) Inappropriate water facility management
 - (3) Lack or dysfunction of water right system
- And so on

How to consider? (Analysis1)

Example 1

(1) Lack or dysfunction of river basin plan

Causes to be assumed

- Lack of legal/institutional frameworks
- Lack of organizational capacity or knowledge
- Lack of water resources data/information in the basin

And so on

How to consider? (Suggestion1)

- Lack of legal/institutional frameworks
→ Suggest to establish new framework or to revise old framework
- Lack of organizational capacity or knowledge
→ Suggest plans for obtaining capacity or knowledge
- Lack of information/data
→ Suggest the appropriate system for information/data collection

How to consider? (Analysis2)

Example 2

(2) Inappropriate water facility management

Causes to be assumed

- Lack of budget

How to consider? (Suggestion2)

- Lack of budget
 - Suggest the scheme to collect water fee for operation and management of water facilities from beneficiaries

Next (2nd) workshop

- May or June, 2006
- The venue of workshop is to be determined.
- The questionnaire will be distributed in advance.
