

Indonesia: Water Supply and Sanitation Sector Development

Project Name	Water Supply and Sanitation Sector Development		
Project Number	43304-022		
Country / Economy	Indonesia		
Project Status	Closed		
Project Type / Modality of Assistance	Technical Assistance		
Source of Funding / Amount	TA 7939-INO: Water Supply and Sanitation Sector Development Project		
	Republic of Korea e-Asia and Knowledge Partnership Fund		US\$ 500,000.00
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth		
Drivers of Change	Governance and capacity development Partnerships		
Sector / Subsector	Water and other urban infrastructure and services / Urban water supply		
Gender	No gender elements		
Description	The TA will support BAPPENAS in reviewing and assessing the water supply and sanitation sector; defining key issues and bottlenecks and how to overcome these; developing a sector roadmap; and contributing to the development of a stronger project pipeline for urban and rural water supply and sanitation projects, all of which will help achieve MDG targets. The sector roadmap will also discuss potential social and environmental safeguards, along with gender strategy and education, especially given the important role that women can play in ensuring household hygiene and sanitation are provided.		
Project Rationale and Linkage to Country/Regional Strategy			
Impact	Contributes to improved public health through well planned and sustainable provision of safe water supply and sanitation in Indonesia.		
Project Outcome			
Description of Outcome	Bappenas and PDAMs improve sector planning and the provision of water supply and sanitation services.		
Progress Toward Outcome			
Implementation Progress			
Description of Project Outputs	1) Water supply and sanitation strategy and roadmap; 2) Project pipeline and portfolio; 3) Stakeholder workshops/seminars for sharing of knowledge and experience and to promote the adoption of best practices from around the region; 4) Two knowledge products pertinent to water supply and sanitation issues in Indonesia (one urban and one rural) 5) Enhanced knowledge dissemination through engagement with the ADB institute.		
Status of Implementation Progress (Outputs, Activities, and Issues)	Consultants have completed review of government planning process. KP on Master Meters finalized. Workshop held. KP on septage management under preparation. Workshop planned for March 2014
