

Pakistan: Sindh and Balochistan Flood Emergency Response

Project Name	Sindh and Balochistan Flood Emergency Response
Project Number	45356-001
Country / Economy	Pakistan
Project Status	Closed
Project Type / Modality of Assistance	Grant
Source of Funding / Amount	Grant 0266-PAK: Sindh and Balochistan Flood Emergency Response Asia Pacific Disaster Response Fund US\$ 3.00 million
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth
Drivers of Change	
Sector / Subsector	Public sector management / Social protection initiatives
Gender	
Description	The Grant would provide for temporary shelters, bedding to protect the displaced population from approaching winter and restocking of emergency rescue stocks and equipment.
Project Rationale and Linkage to Country/Regional Strategy	The current flood disaster is of a scale beyond the capacity of Pakistan and its own agencies to meet the immediate expenses necessary to restore life-saving services to the affected populations. Pakistan needs help with meeting the costs of disaster management coordination. The proposed APDRF grant that can be used to help with some of the costs associated with the emergency response and address the urgently needed basic food, health and shelter need of the displaced population. The Government has requested assistance for this purpose. The Government has designated NDMA as the agency to receive the proceeds of the proposed grant, hence ensuring timely utilization of the funds and swift delivery of emergency materials and services to the affected population.
Impact	Immediate needs of flood displaced population for health and shelter are met

Project Outcome

Description of Outcome	Swift delivery of emergency services to the affected population
Progress Toward Outcome	Tents and mosquito nets were procured within six months and delivered to the affected areas for onwards distribution to the affected population.

Implementation Progress

Description of Project Outputs	Provision of temporary shelters, bedding to the displaced population restocking of emergency rescue stocks and equipment
Status of Implementation Progress (Outputs, Activities, and Issues)	24,588 tents procured. 20,000 mosquito nets procured.
Geographical Location	

Summary of Environmental and Social Aspects

Environmental Aspects	Not applicable as only supply of tents and mosquito nets was involved.
Involuntary Resettlement	No involuntary resettlement involved.
Indigenous Peoples	There is no impact on indigenous people

Stakeholder Communication, Participation, and Consultation

During Project Design	Consultations were held with NGOs, donors, and the affected communities during the preliminary damage needs assessment and the Grant is in response thereto.
During Project Implementation	A survey was conducted to identify the population in relief camps who needed supplies of mosquito nets and tents. The distribution was according to the needs identified in the survey.
