Description	Knowledge plays a vital role in driving economic growth and achieving development outcomes. Provision of knowledge products and services (KPS) has been a key part of ADB's development assistance. In 2008, ADB made knowledge solutions one of the drivers of change in Strategy 2020. Subsequently, ADB undertook a number of initiatives to scale up and strengthen its knowledge operations. One of these initiatives is the establishment of the Knowledge Sharing and Services Center (KSSC). Part of KSSC's mandate is to deliver knowledge sharing and support services in ADB and for DMCs by enhancing internal knowledge sharing and developing external knowledge sharing and partnerships.	
Project Rationale and Linkage to Country/Regional Strategy	This technical assistance is proposed to support provision of KPS to DMCs through systematic knowledge sharing.	
Impact	Greater development effectiveness of ADB operations and of development projects of DMCs and more informed development policy-making in DMCs.
