

Project Data Sheet

Project 43032-012

Project Name Xi'an Urban Road Network Improvement Project

Project Number 43032-012

Country / Economy China, People's Republic of

Project Status Closed

Project Type / Modality of Assistance Technical Assistance

Source of Funding / Amount **TA 7440-PRC: Xi'an Urban Road Network Improvement Project**

Technical Assistance Special Fund US\$ 1.00 million

Strategic Agendas Environmentally sustainable growth
Inclusive economic growth

Drivers of Change Knowledge solutions

Sector / Subsector **Transport** / Urban public transport

Gender

Description The main PPTA activities will include: (i) project preparation activities in view of the ADB-financing of the Xi'an urban road development, and (ii) preparation for sector support activities.

Project Rationale and Linkage to Country/Regional Strategy

Impact The impact of the Project will be an efficient and sustainable urban transport system in Xi'an municipality brought about by the development of urban transport and the improvement of transport management.

Project Outcome

Description of Outcome The outcome of the PPTA will be an agreed design of a Project combining new investment in infrastructure capacity, and strengthening of the urban transport sector in Xi'an municipality.

Progress Toward Outcome TA implementation was completed satisfactorily on 30 June 2011. TA account closing is expected by 30 September 2011.

Implementation Progress

Description of Project Outputs	<p>The outputs of the PPTA will be the TA consultants' final reports which will include:</p> <p>(i) Preparation of investment component. This will include a review and strengthening of the technical, environmental, social safeguard, economic and financial aspects of the draft feasibility studies to meet ADB's requirements for: (1) technical aspects related to construction and operation of the urban transport system; (2) economic and financial analysis; (3) reviewing the Government's environmental assessment related documents and guiding the environmental assessment consultants hired by the Government to ensure the quality of their assessment and environmental management plan; (4) reviewing and refining the resettlement plan; and (5) carrying out a detailed poverty and social analysis, including a baseline socioeconomic profile of the population living in the project area, and preparing a social development action plan to mitigate adverse impacts and enhance inclusive benefits.</p> <p>(ii) Preparation for sector support. Prior to PPTA consultation, ADB has prepared a sector assessment and identified potential sector support activities, tailored to the specific needs of Xi'an's transport sector, that can be further assessed and developed during the TA. The PPTA consultants will provide policy, advisory and technical support to the XMG on the preparation of complementary investment and policy components to help realize the full potential improvement in the sustainability of urban transport under the Project.</p>
Status of Implementation Progress (Outputs, Activities, and Issues)	<p>The consultants were fielded in July 2010. The Draft Final Report was submitted on 19 April 2011. Final Report was submitted on 4 August 2011. Awaiting submission of FSEC.</p>
