

Tonga: Integrated Urban Development Sector Project Phase II

Project Name	Integrated Urban Development Sector Project Phase II		
Project Number	42394-012		
Country / Economy	Tonga		
Project Status	Closed		
Project Type / Modality of Assistance	Technical Assistance		
Source of Funding / Amount	TA 7631-TON: Integrated Urban Development Sector Project Phase II		
	Technical Assistance Special Fund		US\$ 350,000.00
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth		
Drivers of Change	Gender Equity and Mainstreaming		
Sector / Subsector	Water and other urban infrastructure and services / Urban policy, institutional and capacity development		
Gender	Some gender elements		
Description	The Project will provide high priority urban infrastructure identified in the Nuku'alofa Urban Infrastructure Development Plan (UIDP) and will expand upon infrastructure development currently being undertaken in Nuku'alofa through the Nuku'alofa Reconstruction Project (NRP) and the Integrated Urban Development Sector Project (IUDSP).		
Project Rationale and Linkage to Country/Regional Strategy	<p>Nuku'alofa, Tonga's capital, has a population of 34,058 (34% of the national population) and is forecast to grow to 45,000 (or about 40% of Tonga's population) by 2030. Migration to Nuku'alofa from Tonga's outer islands is significant. Urban growth in Tonga is a relatively recent phenomenon and has not been matched by the provision of, or improvement in the delivery of, urban services. Living conditions for many of Nuku'alofa residents are deteriorating and demand for improved urban infrastructure is increasing. Development pressure in Nuku'alofa is increasing due to population growth. The existing urban infrastructure is barely capable of meeting the demands from the current urban population. Upgrading of existing infrastructure is being undertaken through NRP and IUDSP. However, the scope of these projects is limited and do not meet all immediate infrastructure needs. Further investment in urban infrastructure is urgently required.</p> <p>The Government's development aims and program are presented in Tonga's National Strategic Planning Framework (NSPF). NSPF specifically targets infrastructure development. The project is identified in ADB's 2007-- 2012 Tonga Country Partnership Strategy (CPS) and the supports the implementation of NSPF including urban development. The Government has prepared a costed urban infrastructure development plan (UIDP) for Nuku'alofa covering water supply, sanitation, drainage, solid waste, roads and traffic, transport, electricity, telecommunications, site development, and environmental management.</p>		
Impact	The living conditions of within Nuku'alofa have improved.		
Project Outcome			
Description of Outcome	Nuku'alofa has effective, effecient and sustainable municipal services.		
Progress Toward Outcome			
Implementation Progress			
Description of Project Outputs	The Government coordinates and implements the Integrated Urban Development Project. Municipal infrastructure is upgraded and well-maintained. Urban planning and management of Nuku'alofa improves.		
Status of Implementation Progress (Outputs, Activities, and Issues)			
Geographical Location			
Summary of Environmental and Social Aspects			
Environmental Aspects			
Involuntary Resettlement			
Indigenous Peoples			
Stakeholder Communication, Participation, and Consultation			
During Project Design	Stakeholder workshops		
During Project Implementation			
Business Opportunities			
Consulting Services	The total consultant input is estimated at 15.5 person-months, of which7 person-months will be from international consulting services and 8.5 person-months will be from national consulting services. The consultants will be recruited individually. Consultants have been recruited and fielded. Completion reports have been submitted.		
Responsible ADB Officer	Paniagua, Maria P.		
Responsible ADB Department	Pacific Department		
Responsible ADB Division	Urban, Social Development & Public Management Division, PARD
