

India: MFF - Sustainable Coastal Protection and Management Investment Program (Facility)

Project Name	MFF - Sustainable Coastal Protection and Management Investment Program (Facility)		
Project Number	40156-013		
Country / Economy	India		
Project Status	Closed		
Project Type / Modality of Assistance	Loan		
Source of Funding / Amount	MFF Facility Concept 0049-IND: MFF - Sustainable Coastal Protection and Management Investment Program (Facility)		
	Ordinary capital resources	US\$ 250.00 million	
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth		
Drivers of Change	Gender Equity and Mainstreaming Governance and capacity development		
Sector / Subsector	Agriculture and Natural Resources / Water-based natural resources management		
Gender	Some gender elements		
Description	The project is to contribute towards improving management of coastal ecosystems and reduce loss of coastal property in Maharashtra, Goa and Karnataka. The immediate purpose of the project is to design innovative interventions of sustainable coastal protection and improve shoreline management planning in the above states.		
Project Rationale and Linkage to Country/Regional Strategy			
Impact	Improved income and reduced poverty of the coastal communities in the subproject areas of three coastal states		
Project Outcome			
Description of Outcome	Protected and managed shorelines in the three states meeting the needs of stakeholders and the environment.		
Progress Toward Outcome			
Implementation Progress			
Description of Project Outputs	Sustainable plans and management for shorelines developed (i) Participatory shoreline management plans to meet the long term needs for shoreline management for 3 state coastlines prepared and endorsed; (ii) Coastal management information system to support planning and management established; (iii) Project management system established and operational, and subprojects for future tranches planned and designed. Coastal Erosion and Instability Reduced: (i) Coastal erosion and instability reduced; (ii) Community and private sector engaged in coastal erosion and instability reduction. Enhanced capacity for integrated shoreline planning and development - (i) Enhanced capacity for districts and states to plan, design, and implement shoreline protection and management projects; (ii) Enhanced capacity for state/district agencies, local experts/agencies, local bodies and stakeholders to provide specialist support for planning, modelling, design, checking and review for coastal protection and management; (iii) Beaches are managed and maintained by the communities and stakeholders; (iv) SEAs formally mandated to coordinate all coastal protection and management programs.
