Strategic Agendas Environmentally sustainable growth

Drivers of Change Governance and capacity development
Knowledge solutions
Private sector development

Sector / Subsector **Agriculture, natural resources and rural development /**
Agricultural policy, institutional and capacity development

Gender

Description The TA will assist the government in reviewing developments in agriculture and developing an agriculture development strategy with clear priorities for public investments in agriculture development. The purpose of the TA is to prepare a short- to medium-term agricultural strategy that the government will use to plan its investments to support agricultural development. The TA will (i) review past developments in the agriculture sector, make recommendations for future development, and assist the Ministry of Food, Agriculture, and Livestock (MINFAL) to prepare an agriculture strategy; and (ii) assess MINFAL's capacity to implement the strategy, and recommend changes in role in the sector over the medium term (5-10 years), including recommendations for appropriate measures to target subsistence farmers, poor communities, women, and commercial producers in agriculture development.
