| Strategic Agendas | Inclusive economic growth | |
| Drivers of Change | Governance and capacity development | |
| Sector / Subsector | Public sector management / Decentralization | |
| Gender | No gender elements | |
| Description | The TA will prepare a framework for regional government financing from both domestic and international sources and recommend restructuring of supporting institutions. This framework will help support the designing of future programs of ADB's activities in the area of local government financing. As a result, financial management at the central and local levels and flows of timely financial information will improve. The first objective will be to analyze options for implementing an interim onlending mechanism in accordance with Kepmen 35 of 2003. The analysis will include management of loans in arrears, options for an equitable and fair mechanism for restructuring of arrears, and legal advise to MOF for the revision of Law 25 and PP 107. The second objective will be to design and pilot harmonized financial management practices at central and local level. The third objective will be to facilitate availability of timely, accurate, consistent local govenment financial information. | |

| Consulting Services | About 11 person-months of international consulting services (individual consultants) will be required. The international consultants will consist of experts in debt restructuring, public financial management, and financial information systems. The international consultants will associate with domestic (individual) consultants who will provide about 42 person-months of consulting services in the areas of public sector accounting, public sector financial management, debt restructuring and law. | |
