India: Calcutta Environmental Improvement

Project Name

Calcutta Environmental Improvement

Project Number

29466-012

Country / Economy

- India

Project Status

Closed

Project Type / Modality of Assistance

- Technical Assistance

Source of Funding / Amount

TA 3089-IND: Calcutta Environmental Improvement

Source

Amount

Technical Assistance Special Fund US\$ 1.00 million

Strategic Agendas

- Inclusive economic growth

Drivers of Change

Sector / Subsector

- **Water and other urban infrastructure and services** / Waste management

Gender

Description

The objective of the TA is to prepare a Municipal Calcutta Environmental Improvement Program (MCEIP) setting out a technically and financially viable program for improvement of drainage, wastewater management, and solid waste management as well as other investments necessary for improving environmental quality over the next 20 years within the jurisdiction of Calcutta Municipal Corporation (CMC). The TA will include preparation of a feasibility study for the highest priority drainage, wastewater, and solid waste management improvements, including management of hospital wastes and improvement of slum environments. The TA will also recommend an institutional framework and capacity building for implementation of MCEIP by CMC and a financial management framework that assures long-term cost recovery and financial viability.
