Strategic Agendas Environmentally sustainable growth
Inclusive economic growth

Drivers of Change Gender Equity and Mainstreaming
Governance and capacity development
Knowledge solutions
Private sector development

Sector / Subsector **Water and other urban infrastructure and services** / Urban policy, institutional and capacity development

Gender Effective gender mainstreaming

Description The objectives of the TA are to identify issues and assess water supply and sanitation needs in the candidate project towns, prepare a project suitable for external financing for the sustainable improvement of 10-20 small and medium sized town environments in about five contiguous provinces in the southern central region, and prepare proposals for physical investments, financing mechanisms, operation and maintenance procedures, policy, institutional and regulatory reform, as well as capacity building for local authorities. Key activities include a socio-economic survey of the candidate projects towns and a needs assessment for water supply and sanitation, stakeholders' workshops and community meetings to obtain design outputs, presentation of key findings and recommendations, and project management.

Project Rationale and Linkage to Country/Regional Strategy Included in Viet Nam Country Strategy and Program Update, 2005?2006
