

Project Data Sheet

Project 32273-012

Project Name Northern Power Transmission Project

Project Number 32273-012

Country / Economy Viet Nam

Project Status Closed

Project Type / Modality of Assistance Technical Assistance

Source of Funding / Amount **TA 4051-VIE: Northern Power Transmission Project**

Technical Assistance Special Fund US\$ 700,000.00

Strategic Agendas Environmentally sustainable growth

Drivers of Change Knowledge solutions
Private sector development

Sector / Subsector **Energy** / Electricity transmission and distribution

Gender

Description The purpose of the TA is to support the Government's strategy for continued poverty reduction through sustained economic growth by assisting in the preparation of a power transmission project to ensure sufficient and stable power supply for the Hanoi-Haiphong-Quang Ninh development triangle that has been identified as one of the key economic zones of Viet Nam. The project will also improve system stability and security, reduce losses and improve reliability of supply through (i) the construction of 110 km of 500 kV double-circuit transmission line, (ii) construction of one 500 kV and one 220 kV substation, (iii) extension of one 500 kV and six 220 kV substations, (iv) upgrading of the existing load dispatch centers, and (v) preparation of Master Plan on Development of Load Dispatching Facilities.
