

# Micronesia, Federated States of: Omnibus Infrastructure Development

Project Name	Omnibus Infrastructure Development						
Project Number	35448-012						
Country / Economy	Micronesia, Federated States of						
Project Status	Closed						
Project Type / Modality of Assistance	Technical Assistance						
Source of Funding / Amount	<table><tr><td>TA 4045-FSM: Omnibus Infrastructure Development</td><td></td></tr><tr><td>Japan Special Fund</td><td>US\$ 650,000.00</td></tr></table>			TA 4045-FSM: Omnibus Infrastructure Development		Japan Special Fund	US\$ 650,000.00
TA 4045-FSM: Omnibus Infrastructure Development							
Japan Special Fund	US\$ 650,000.00						
Strategic Agendas	Inclusive economic growth						
Drivers of Change	Private sector development						
Sector / Subsector	Energy / Conventional energy generation Water and other urban infrastructure and services / Urban sanitation - Urban water supply						
Gender	No gender elements						
Description	The Government has requested ADB assistance in rehabilitating its infrastructure. With 4 states, each with its unique and specific needs, the request has been for an omnibus infrastructure type loan that would help address the urgent needs of these states. After the recent cholera outbreak, the state of Pohnpei is requesting for assistance in upgrading its sanitation system. Chuuk is suffering from serious problems with their power supply system. Kosrae has sent strong signals to revive its water supply system, which covers a very limited area, and which supply comes untreated. A similar request for assistance with sanitation has been made by Yap. The objective of the TA therefore is to review these requests and develop a proposal to provide a multisector assistance program.

Consulting ServicesA team of consultants will be engaged from a firm or on individual basis. The TA will require about 22 person-months of international consulting services in the fields of power generation and distribution, water supply and sanitation, wastewater, solid waste disposal, economic and financial analysis, civil and mechanical engineering and environmental and social analysis. In addition, a local engineer can be engaged to assist the foreign consultant.							
Responsible ADB Officer		Iffland, Andrea					
Responsible ADB Department		Pacific Department					
Responsible ADB Division		Pacific Operations Division
