

Project Data Sheet

Project 46380-028

Project Name	Sustainable Infrastructure Assistance Program - Preparation of the Enhanced Water Security Investment Project (Subproject 15)	
Project Number	46380-028	
Country / Economy	Indonesia	
Project Status	Closed	
Project Type / Modality of Assistance	Technical Assistance	
Source of Funding / Amount	TA 9506-INO: Preparation of the Enhanced Water Security Investment Project (Subproject 15)	
	Government of Australia	US\$ 1.00 million
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth	
Drivers of Change	Gender Equity and Mainstreaming Governance and capacity development Knowledge solutions Partnerships	
Sector / Subsector	Agriculture, natural resources and rural development / Rural flood protection - Water-based natural resources management	
Gender	Some gender elements	
Description	<p>The transaction technical assistance (TRTA) is a subproject under the TAC 0013-INO: Sustainable Infrastructure Assistance Program as agreed with the Australian Government Department of Foreign Affairs and Trade. The TRTA will support the Ministry of Public Works and Housing (MPWH) to prepare the project. More specifically, the TRTA will provide support to (i) conduct consultations with MPWH and river basins stakeholders to finalize the scope of the project, and to ensure that innovations are built into the investment; (ii) undertake due diligence of technical, social, financial, environmental, gender, and economic aspects of the project; and (iii) ensure that subprojects designed under the Accelerating Infrastructure Delivery through Better Engineering Services Project and Flood Management in Selected River Basins Sector Project, are complying with ADB's technical, environment and social safeguards and fiduciary requirements. The TRTA is included in ADB's country operations business plan, 2017 -2019 for Indonesia.</p>	

Project Rationale and
Linkage to
Country/Regional
Strategy

Although the national water security index progressed from 40.9 (over a scale of 0 -100) in 2013 to 49.8 in 2016, Indonesia is still at risk. The country is deficient in certain dimensions of water security, especially in household water security, urban water security, and resilience to water-related disasters, for which progress has been slow. This slow progress is affecting economic development and poverty reduction. The ensuing Enhanced Water Security Investment Project will integrate, under a river basin approach, construction of flood risks management and raw water supply subprojects. The project is aligned with the government strategies and with the priorities of ADB country partnership strategy 2016-2019 for Indonesia. The project is included in the ADB's country operations business plan, 2020-2022 for Indonesia.

Stakeholder Communication, Participation, and Consultation

During Project Design	Meaningful consultations with stakeholders are being conducted during preparation and will continue throughout the project cycle. The criteria and priorities for infrastructure projects are being discussed with relevant government offices involved in the project and beneficiaries.
-----------------------	---

During Project Implementation	Stakeholders are kept informed and will be involved in consultations throughout the project cycle.
-------------------------------	--

Business Opportunities

Consulting Services	A total of 12 individual consultants have been engaged by ADB : 5 international consultants (i) River Basin Modeler/Planner (Team Leader); (ii) Water Resources Infrastructure Specialist; (iii) Economist; (iv) Social Safeguards Specialist; (v) Environment Specialist; and 7 national consultants; (vi) Environment Safeguards Specialist; (vii) Financial Management Specialist; (viii) Hydrologist/Modeler; (ix) Social Development/Gender Specialist; (x) Social Safeguards Specialist; (xi) Social Safeguards Analyst; and (xii) Water Resources Infrastructure Specialist.
------------------------	---

Procurement Individual consultants and service providers were engaged and all TA financed Goods were procured in accordance with ADB Procurement Policy (2017, as amended from time to time), ADB Procurement Regulations for ADB Borrowers - Goods, Works, Non-consulting and Consulting Services (2017, as amended from time to time), and the associated Project Administration Instructions/TA Staff Instructions.

Responsible ADB Officer Quincieu, Eric

Responsible ADB Department Southeast Asia Department

Responsible ADB Division Environment, Natural Resources & Agriculture Division, SERD

Executing Agencies *Directorate General of Water Resources, Ministry of Public Works & Housing, Republic of Indonesia*
Jl Pattimura No.20, Kebayoran Baru
Jakarta Selatan, Indonesia
