Linkage to  
Country/Regional  
Strategy

The project will contribute to the following operational priorities of Strategy 2030 (i) addressing remaining poverty and reducing inequalities and (ii) accelerating progress in gender equality. Kina Securities Limited's (KSL) focus on serving the local SME segment, which has high employment potential, and the emerging middle class will help build the conditions for inclusive growth. The partnership with ADB will help KSL better serve these segments. This is consistent with the government's efforts to promote inclusive growth and with the governments Financial Sector Development Strategy, 2018-2030. It is also consistent with ADB's country partnership strategy for PNG, 2016-2020 to promote private sector development.

### Summary of Environmental and Social Aspects

Environmental Aspects	KSL and its wholly owned subsidiaries will screen all loan applications against ADB's Prohibited Investment Activities List (PIAL). KSL and its sub-borrowers will comply with national laws and regulations and also with ADB's Safeguard Policy Statement (SPS, 2009) requirements. Environment category A projects will be excluded from KSL operations. KSL will establish and maintain an appropriate ESMS framework satisfactory to ADB on subscription. ADB will work with KSL to develop and implement an ESMS commensurate with identified risks and impacts associated with KSL sub-borrowers' business operations.
Involuntary Resettlement	The activities of KSL's financial services provider subsidiaries are not expected to cause involuntary resettlement impacts. KSL reported, and ADB validated during due diligence, that no preexisting Kina Bank loans were for business activities causing category A involuntary resettlement impacts. All large corporate loan applications are assessed for compliance against national laws and regulations. Through application of the environmental and social management system framework and subsequently the ESMS, activities having category A involuntary resettlement impacts will be excluded from KSL's operations.
Indigenous Peoples	The project is not expected to entail any significant impact on indigenous peoples.
Stakeholder Communication, Participation, and Consultation	N/A
