

Nepal: Skills for Employment Project

Project Name	Skills for Employment Project				
Project Number	36611-013				
Country	Nepal				
Project Status	Closed				
Project Type / Modality of Assistance	Loan				
Source of Funding / Amount	<table border="1"> <tr> <th colspan="2">Loan 2111-NEP: Skills for Employment Project</th> </tr> <tr> <td>Concessional ordinary capital resources / Asian Development Fund</td> <td>US\$ 20.00 million</td> </tr> </table>	Loan 2111-NEP: Skills for Employment Project		Concessional ordinary capital resources / Asian Development Fund	US\$ 20.00 million
Loan 2111-NEP: Skills for Employment Project					
Concessional ordinary capital resources / Asian Development Fund	US\$ 20.00 million				
Strategic Agendas	Inclusive economic growth				
Drivers of Change	Governance and capacity development Knowledge solutions				
Sector / Subsector	Education - Technical and vocational education and training				
Gender Equity and Mainstreaming					
Description	The proposed Project aims to increase access to quality demand-driven skills development training. Proposed project components include (i) capacity strengthening to facilitate the delivery of skills development training (including policy development) and (ii) delivering demand-driven skills training.				
Project Rationale and Linkage to Country/Regional Strategy	The project is in line with the Government's and ADB's long term strategy of poverty reduction.				
Impact	Increased engagement in wage and international employment and self employment				

Project Outcome

Description of Outcome	Increased opportunities for market-oriented short-term (MOST) training.
Progress Toward Outcome	Ongoing . The indicators are being monitored.

Implementation Progress

Description of Project Outputs	<ol style="list-style-type: none"> 1. Component 1. Increasing Access to Market-Oriented Short-Term Skills Training <ul style="list-style-type: none"> Component 1 (a): Information on Short-Term Training and Employment disseminated Component 1 (b): Delivery of Short-Term Skills Training for Formal and International Labor Markets supported Component 1(c): Delivery of Community-Based, Market-Oriented, Short-Term Skills Training in district supported 2. Capacity Strengthening <ul style="list-style-type: none"> 2.1 Key government agencies strengthened to serve the technical education and vocational training (TEVT) sector 2.2 Short term training provision strengthened 3. Supporting Policy Development, Articulation, and implementation <ul style="list-style-type: none"> 3.1 Prioritized sections of the national TEVT policy articulated and implementation initiated 3.2 Sustainable financing policy for a market -oriented and efficient TEVT system developed
--------------------------------	--

Status of Implementation Progress (Outputs, Activities, and Issues)

1. 1. Increasing Access to Market-Oriented Short-Term Skills Training
 a. Disseminating Information on Short-Term Training and Employment
 TEVT Awareness plan has been developed and the activities are initiated based on the implementation plan. There is still need to intensify TEVT awareness especially at the community level. They are also using NGOs associated with dalit and disadvantage group for awareness activities.
 Ongoing. Different approaches of creating awareness have been implemented. It is recommended that massive awareness campaign need to be utilized. It is also suggested that targeted awareness program for women and dalit have to be done. The Project has started the street drama in Kathmandu. But it needs to be taken to the community.
 b. Supporting Delivery of Short-Term Skills Training for Formal and International Labor Markets
 Ongoing.
 As of 30 November 2010, 18,113 participants have completed the trainings out of committed 33,489 persons in center based through private and public TTPs. The number of participants that have dropped are 537. Stipend provision is ongoing. However, distribution of stipend has been an issue. The monitoring of stipend distribution needs to be enforced. There has been significant improvement in the stipend distribution. As of 30 November 2010, the project has distributed the first category stipend (3 thousand per month) to 4907 trainees and second category (1 thousand per month) stipend to 6734 through central based program.
 3. c. Supporting the Delivery of Community-Based, Market-Oriented, Short-Term Skills Training for 2052 has been completed at the community level. However, it has been realized that there is poor performance of trainings at the community levels. The number of participants at the community level will not reach the expected number.
 raining
 2. Capacity Strengthening
 a. Strengthening Key Agencies to Serve the TEVT Subsector
 Geographical information system (GIS) and training management information system (TMIS), have been established. The CTEVT has to make the system functional. The Mission during the Review of December 2010 met with the Secretary and senior officials of the Ministry of Labour and Transport Management (MOLTM) on the pending issues of labor management information system (LMIS) and employment service centers (ESCs). In this connection, MOLTM clearly stated they are committed to make LMIS and ESCs operational and the project support including services of a local LMIS expert are required.
 b. Strengthening Short-Term Skills Training Provision
 The training for managers has been completed for 200/200, 180/200 for supervisors and 530/1000 for trainers. Apart from the capacity building of human resources of all training providers, the Project provides equipment and other materials support to the selected public training providers.
 Supporting Policy Development, Articulation, and Implementation
 Status: After MOE's request to NPC to take coordination responsibility for finalizing implementation plan of TEVT policy, NPC organized the first meeting in May 2009. However, the work was not progressing well due to limited support by other line ministries. In the mean time a high level committee, under the chairmanship of the Minister for Education with representation of various public and private agencies, was set up in February 2010 to prepare a TEVT policy framework and submit to the Government. The Committee under the NPC set up a sub-committee to facilitate the work of the ministerial level committee, and the sub-committee submitted a concise report containing strategies and corresponding actions for TEVT policy framework. The framework has is yet to approved by the Cabinet
