Description:
Project Rationale and Linkage to Country/Regional Strategy:
One of the four pillars of ADB's Nepal Country Partnership Strategy (2010-2012) is climate change adaptation and environmental sustainability, which includes clean urban development. The TA will support policy development and capacity development of organizations relevant to solid waste management at the central level, essential for improving waste management by the municipalities at the local level.

Impact:
Effective and efficient services provided by the SWMC and SWMTSC to municipalities

Project Outcome:
Description of Outcome:
Strengthened capacity of the SWMC and SWMTSC under the well-defined policy, regulatory, and institutional framework

Progress Toward Outcome:
All the outputs of the TA, including reports and activities (seminars, workshops and training) have already been completed. The outputs of the TA helped in strengthening the capacity of SWMTSC.

Implementation Progress:
Description of Project Outputs:
1. Establishment of policy and institutional framework for solid waste management supported
2. Capacity development support to SWMC and SWMTSC provided
3. Regulations, standards, and/or guidelines for improving solid waste management drafted

Status of Implementation Progress (Outputs, Activities, and Issues):
All the activities of the TA have already been completed. All the reports of the consultants have already been received and approved by ADB and the Government. The reports have gone through a series of consultations with stakeholders in the Government and ADB. All seminars and workshops were conducted and results of which were incorporated in the reports. The TA also financed the publication titled "Solid Waste Management in Nepal: Current Status and Policy Recommendations". The publication was based on the findings from this TA.
