Description:
The project is currently being proposed as an additional financing to the ongoing project, Angat Water Transmission Improvement Project. A new project record will posted for the proposed additional financing.

Project Rationale and Linkage to Country/Regional Strategy:
The provision of water supply and sanitation in the National Capital Region (NCR) is the responsibility of the Metropolitan Waterworks and Sewerage System (MWSS). In 1997, MWSS retained responsibility for bulk water supply, and granted concessions for water distribution and sewerage, a privatization that is generally considered successful.

Impact:
Living and health conditions in the National Capital Region improved.

Project Outcome:
Description of Outcome:
The National Capital Region’s sanitation coverage increased and/or water supply maintained or increased.

Implementation Progress:
Description of Project Outputs:
1. Priority urban sanitation infrastructure projects (e.g. combined sewer-drainage systems and STPs) implemented.
2. Angat system infrastructure, such as tunnels and aquaducts, rehabilitated.
3. Institutional capacity including regulatory oversight, financial planning and asset and water security management strengthened.

Status of Implementation Progress (Outputs, Activities, and Issues):
Geographical Location
