Trade Deal of the Year

This award will recognize a trade finance transaction supported by TSCFP that has a high economic, social or environmental impact according to the criteria below:

How “TFP” is the trade deal?

- **Trade impact.** Please give details of the transaction such as the value and origin of the goods. How were the goods used in your country? What difference did the shipment make to development impact, the environment, economic growth or job creation?

- **Footprint.** How did the transaction help your client’s business? Were they able to increase their geographic coverage or supplier network through the supported transaction?

- **Partnership.** How did TFP contribute to the success of this transaction? Did TFP support extend or enhance your bank’s correspondent banking relationships and in what way? Was the bank able to attract a new client as a result of concluding the deal? Would this deal have happened without TFP support?
