SCHEDULE

General Terms and Conditions of the Technical Assistance

A. Cooperation

1. The Government shall cooperate with ADB and Consultants to ensure that each Technical Assistance is carried out promptly and effectively and, for this purpose, shall issue appropriate instructions to its officials, agents and representatives.

B. Exchange of Views; Reports

2. The Government and ADB shall, from time to time, at the request of either party, exchange views on any Technical Assistance, and consult on any reports prepared by Consultants and the implementation of any recommendations made in those reports.

3. ADB may use any reports prepared by Consultants for any purpose which ADB may consider appropriate, and those reports may be made public unless otherwise agreed between the Government and ADB.

C. Further Assistance by ADB

4. The provision of any Technical Assistance does not commit ADB to extend financial or further technical assistance to the Government with respect to the implementation of any recommendations of Consultants.

D. Suspension; Termination

5. (a) The Government may at any time request ADB in writing to terminate any Technical Assistance.

(b) ADB may at any time suspend or, after consultation with the Government, terminate any Technical Assistance if any circumstances arise which, in the

opinion of ADB, interfere or threaten to interfere with the successful implementation of such Technical Assistance, the accomplishment of its purposes, or the execution of such Technical Assistance in accordance with the terms and conditions of this Agreement or the TA Letter concerned.

6. If any Technical Assistance is suspended or terminated, the Government and ADB shall consult with each other concerning any further action which may be necessary or desirable with respect to such Technical Assistance.

E. Immunities, Privileges and Exemptions of Consultants

7. Consultants shall have the status of experts performing missions for ADB and shall be entitled to the privileges, exemptions, and immunities conferred upon such experts by the provisions of the Agreement Establishing the Asian Development Bank. Without limiting the generality of those provisions,

- (i) the Consultants shall be immune from legal process with respect to all acts performed by them in their capacity as Consultants in connection with the Technical Assistance for which they were retained, except where ADB shall otherwise agree;
- (ii) the Consultants and their families (if they are not citizens or nationals of the Republic of the Union of Myanmar) shall be exempt from immigration restrictions, alien-registration requirements and national service obligations of the Republic of the Union of Myanmar; and
- (iii) the Consultants may bring into the Republic of the Union of Myanmar reasonable amounts of foreign currency for the purposes of the Technical Assistance or for their personal use and may withdraw from the Republic of the Union of Myanmar similar amounts of foreign currency together with any amounts earned therein by the Consultants in connection with such Technical Assistance.

8. The Government shall promptly:

- (i) provide the Consultants and their families with any entry and exit visas, residence permits, foreign exchange permits and travel documents required for their stay in the Republic of the Union of Myanmar;
- (ii) provide the Consultants with work permits and any other documents necessary to enable them to perform their work on the Technical Assistance for which they were retained; and
- (iii) clear through customs any equipment, vehicles, materials or supplies required for each Technical Assistance, and any personal effects (including any automobiles if required) and household goods of the Consultants and their families.

9. (a) The Government shall exempt Consultants from, or bear the cost of, any taxes, duties, fees or other impositions levied under the laws and regulations in effect in the territories of the Republic of the Union of Myanmar in respect of:

- (i) any payments made to the Consultants in connection with the carrying out of any Technical Assistance (except where the Republic of the Union of Myanmar has reserved the right to tax its nationals pursuant to Article 56.2 of the Agreement Establishing the Asian Development Bank);
- (ii) any equipment, vehicles, materials and supplies brought into the territories of the Republic of the Union of Myanmar for the purpose of carrying out such Technical Assistance which will be consumed therein or withdrawn therefrom or which will become the property of the Government; and
- (iii) any personal effects (including automobiles if required) of the Consultants and their families brought into the territories of the

Republic of the Union of Myanmar which will be consumed therein or withdrawn therefrom.

(b) If any of the items referred to in subparagraphs (ii) and (iii) above are, upon completion of any Technical Assistance, not to be withdrawn from the Republic of the Union of Myanmar and not to become the property of the Government, the Government shall allow such items to be disposed of locally in accordance with any applicable Government regulations, or subject to such terms as are agreed upon between the Government and the Consultants. If any such items are financed by ADB under any Technical Assistance, they may be transferred by ADB to the Government on terms and conditions satisfactory to the Government and ADB.

F. Indemnity by the Government

10. The Government shall be responsible for dealing with any claims arising out of, or resulting from, any Technical Assistance, which may be brought by third parties against ADB or any Consultants. The Government shall indemnify ADB and the Consultants against any costs, claims, damages or liabilities arising out of, or resulting from, any acts or omissions in connection with any Technical Assistance, except where it is agreed by the Government and ADB that such acts or omissions amount to gross negligence or willful misconduct of such Consultants.
