^a Based on independently evaluated projects only (i.e., validation of extended annual review reports [XARRs] and project performance evaluation reports [PPERs]).

^b The criteria used in evaluating sovereign projects were also used in evaluating nonsovereign projects from 1992 to mid-2006. The new criteria for evaluating nonsovereign projects, as harmonized with other members of the Evaluation Cooperation Group, were used starting from end of 2006.
