FI = financial institution, GS = generally successful, HS = highly successful, LS = less than successful, PS = partly successful, S = Successful, US = unsuccessful.

Note: Totals may not add up because of rounding.

- <sup>a</sup> Based on aggregate results of project completion reports (PCRs), extended annual review reports (XARRs), XARR validation reports (XVRs) and project and/or program performance evaluation reports (PPERs) using XVR or PPER ratings in all cases where both PCR and/or XARR and XVR and/or PPER ratings are available.
- <sup>b</sup> The criteria used in evaluating sovereign projects were also used in evaluating nonsovereign projects from 1992 to mid-2006.
- <sup>c</sup> The new criteria for evaluating nonsovereign projects as harmonized with other members of the Evaluation Cooperation Group were used starting end-2006.
- <sup>d</sup> In May 2012, the Independent Evaluation Department changed the previous rating category from "partly successful" to "less than successful" to clarify that such a category indicates "below the line" performance.
