

CONTRIBUTION TO STRATEGY 2030 OPERATIONAL PRIORITIES

OP No.	Corporate Results Framework Indicators (Outputs and Outcomes)	Expected Value	Methods and Comments
1.3.1	Infrastructure assets established or improved (number).	1	The improved asset consists of 17 km embankments, 373 km canal drains and 850 lift pumps with prepaid meters.
2.1	Skilled jobs for women generated (number).	17 women pump operators (out of 850) and 2 women mobile water unit vendors (out of 45).	BWDB and C-IMO will employ women as pump operators and mobile water unit vendors.
2.2	Women and girls completing secondary and tertiary education, and/or other training (number)	300 women farmers trained.	20% of 1,500 farmers to be trained are women. Women will be trained on productive irrigated agriculture methods.
3.2.1	Area with reduced flood risk (hectares)	18,000 ha	Barrage, embankment, and canal rehabilitation will protect 18,000 ha against flood risks.
3.3.3	Terrestrial, coastal, and marine areas conserved, restored, and/or enhanced (hectares).	18,000 ha.	Barrage, embankment, and canal rehabilitation will improve sustainable use of 18,000 ha of agricultural lands.
5.1.1	Rural infrastructure assets established or improved (number).	1	The improved asset consists of 17 km embankments, 373 km canal drains, and 850 lift pumps with prepaid meters.
5.3	Land with higher productivity (hectares).	18,000 ha.	More reliable piped-in water is expected to increase yield by 1 ton/ha.
5.3.1	Land improved through climate-resilient irrigation infrastructure and water delivery services (hectares).	18,000 ha.	Barrage, embankments, and canals rehabilitated to make it climate-resilient, as well as installation of more energy-efficient electric lift-pumps in the 18,000 ha command area.
5.3.2	Farmers using quality farm inputs and sustainable mechanization (number)	300 farmers	300 trained farmers (including 20% women) are expected to adopt productive irrigated agriculture methods.

BWDB = Bangladesh Water Development Board, ha = hectares, km = kilometer, MIS = management information system, OP = operational priority, PMDC = project management and design consultant, PPP = private-public partnership.
