

CONTRIBUTION TO THE ADB RESULTS FRAMEWORK

No.	Level 2 Results Framework Indicators (Outputs and Outcomes)	Targets	Methods / Comments
1	Roads built or upgraded - Provincial, district, and rural roads (kilometers)	265	Provincial (121 km) and district (144 km) roads
2	Households with new or improved water supply (number)	10,000	Beneficiaries from improvement of 10 RDWS schemes
3	Water supply pipes installed or upgraded (length of network in kilometers)	414	Under 10 RDWS schemes
4	Greenhouse gas emission reduction (tons of CO ₂ -equivalent/year)	2,692	Calculated for the four road RSP using traffic surveys and growth estimates. Will be estimated in each additional road subproject feasibility and confirmed in the PCR.

PCR = project completion report, RDWS = rural domestic water supply, RSP = representative subproject.
