

CONTRIBUTION TO STRATEGY 2030 OPERATIONAL PRIORITIES

OP No.	Corporate Results Framework Indicators (Outputs and Outcomes)	Expected Value	Methods and Comments
1.1	People benefiting from improved health services, education services, or social protection (number)	800	Results reported in the DMF indicator 1e. 800 executing and implementing agency staff (240 women)
1.3	Poor and vulnerable people with improved standards of living (number)	404,870	Results reported in the DMF outcome indicators a, and d
2.1	Skilled jobs for women generated (number)	648	Results reported in the DMF indicator 3d. Number women with skilled jobs will comprise 30% of employees
2.1.1	Women enrolled in TVET and other job training (number)	225	Results reported in DMF indicator 1d and 1e which refer to women trained on comprehensive environmental management; and ecological and water resource management, water and environment monitoring and management, climate change mitigation and adaptation, and project management
2.1.3	Women-owned or -led SME loan accounts opened or women-owned or -led SME end borrowers reached (number)	36	DMF indicator 2e targets at least 180 subloans to be provided by the FIL (at least 20% will be led by women, i.e., 36 subloans)
2.3.1	Women with strengthened leadership capacities (number)	108	This equates to 4 women leaders in the 27 women-led SMEs
3.1	Total annual greenhouse gas emissions reduction (tCO _{2e} /year)	100,000	GHG emission reduction estimate in climate risk and vulnerability assessment
3.1.1	Additional climate finance mobilized (\$)	\$110 million	Climate finance estimate in climate risk assessment report
3.1.3	Low-carbon infrastructure assets established or improved (number)	4,868	Low-carbon facilities to be installed in the project. Total include 160 solar bug zappers and 4,708 solar streetlamps
3.1.5	Low-carbon solutions promoted and implemented (number)	3	(1) Green agricultural product tracing system, (2) Green financing mechanism through FIL, (3) CCER Forestry Carbon Trade Pilot Program
3.3	People benefiting from strengthened environmental sustainability (number)	216,914	Total number of people to benefit from improved water and soil conservation, and natural resource management estimated in poverty and social assessment
3.3.1	Pollution control enhancing infrastructure assets established or improved (number)	7	Infrastructure to be constructed in the project. Total includes 1 air quality monitoring system, 6 water

OP No.	Corporate Results Framework Indicators (Outputs and Outcomes)	Expected Value	Methods and Comments
			quality monitoring stations
3.3.2	Solutions to enhance pollution control and resource efficiency implemented (number)	2	Public awareness raising programs will be implemented in Shicheng and Ningdu counties
3.3.3	Terrestrial, coastal, and marine areas conserved, restored, and/or enhanced (hectares)	7,000	Results in the DMF indicators 4b–c. Total includes 5,000 ha of forest areas afforested; 2,000 ha of wetland and mountain areas restored
3.3.4	Solutions to conserve, restore, and/or enhance terrestrial, coastal, and marine areas implemented (number)	1	Green financing mechanism via FIL modality piloted in the project
5.1	People benefiting from increased rural investment (number)	187,956	Population served by rural sewage, sanitation, and solid waste management infrastructure component. (DMF outcome indicator a)
5.1.1	Rural infrastructure assets established or improved (number)	33	Results reported across DMF indicators 3a–c. Total includes 15 rural wastewater treatment plants, 16 waste transfer stations or workshops, 2 rural water supply plants
5.2.3	Agribusinesses integrating farmers in efficient value chains (number)	100	DMF indicator 2d: 180 loans provided to qualified sub-borrowers for green activities contributing to rural development, environmental protection
5.2.4	Food safety and traceability standards improved (number)	1	Green agricultural product tracing system provided in Ganzhou
5.3	Land with higher productivity (hectares)	4,000	Total area of greenhouse vegetable base to be improved
6.1.1	Government officials with increased capacity to design, implement, monitor, and evaluate relevant measures (number)	600 (180 female)	DMF indicator 1d: 15% of GMG officials provided with capacity building training and report improved knowledge on comprehensive environmental management (30% female)
7.3.4	Regional or subregional mechanisms created or operationalized to enhance coordination and cooperation among DMCs on regional public goods (number)	1	DMF indicator 1f includes knowledge sharing to stakeholders from different countries in the region through the conduct of international and national workshops to improved knowledge on rural vitalization, environmental management, with at least 30% women participation

CCER = Chinese certified emission reduction, DMC = developing member country, DMF = design and monitoring framework, FIL = financial intermediation loan, GHG = greenhouse gas, GMG = Ganzhou Municipal Government, ha = hectare, OP = operational priority, SME = small and medium-sized enterprise, tCO_{2e} = tons of carbon dioxide equivalent, TVET = technical vocation and education training.
