

CONTRIBUTION TO STRATEGY 2030 OPERATIONAL PRIORITIES

OP No.	Corporate Results Framework Indicators (Outputs and Outcomes)	Expected Value	Methods and Comments
2.3	Women represented in decision-making structures and processes (number)	50 women in DMC government service	75% of at least 200 participants (at least 25% are women) report a greater understanding of how fiscal policy can be better leveraged for green and inclusive development, and regional fiscal development.
3.1.2	People with increased capacity in implementing mitigation and low-carbon development actions (number)	100-200 stakeholders	Total number of expected policy makers, experts, policy advocates, and broader society that report improved knowledge and capacity (in terms of quality, depth, range) in DMC's green fiscal policy analytical work. From BTORs; stakeholder engagement records; TA consultant reports; ADB policy and other documents; surveys and event attendance records; and web searches of scholarly literature and news.
6.1.1	Government officials with increased capacity to design, implement, monitor, and evaluate measures (number)	At least 60-80 government officials in regional conferences	Measures under the outputs and outcomes concern fiscal policy measures. Expected number of participants in seminars and outreach activities. From project records, consultant reports; ADB policy and other documents; feedback forms and surveys; and event attendance records. At least 40 government officials receiving electronic and printed copies of the studies and the book, report a greater understanding of how fiscal policy can be better leveraged for green and inclusive development, and regional fiscal development.

ADB = Asian Development Bank, BTOR = back-to-office report, DMC = developing member country, OP = operational priority, TA = technical assistance.
