... = not available, DFI = development finance institution, ICT = information and communication technology, IED = Independent Evaluation Department, MFF = multitranches financing facility, MIS = management information system, na = not applicable, PCR = project completion report, PVR = PCR validation report, PPER = project/program evaluation report, RBL = results-based lending, TA = technical assistance,

\* Approved and commitment amounts only refer to the DFI component.

\*\* In calculating success rates, although validated as one project, Loan 2252: Rural Finance Sector Development Program and Loan 2253: Rural Finance Sector Development Project were counted separately because their ratings are different. Hence, evaluated or validated projects in chapter 4 totaled 126, of which 44 were sovereign projects.

Notes: Difference in approved and commitment amounts is due to exchange rate adjustments and/or change in government's funding needs. Totals may not add up due to rounding off.
