

CONTRIBUTION TO STRATEGY 2030 OPERATIONAL PRIORITIES

OP No.	Corporate Results Framework Indicators (Outputs and Outcomes)	Expected Value	Methods and Comments
1.3.3	Measures for increased inclusiveness supported in implementation (number)	1	At least one measure to be adopted by MOFALI to strengthen the resilience of food supply chains to food insecurity risks is also expected to benefit the most vulnerable people.
5.2.2	Storages, agri-logistics, and modern retail assets established or improved (number)	TBD	The TA's support to strengthening policies on the resilience of food supply chains to food insecurity risks (to be adopted for implementation by MOFALI) is expected to contribute to the improvement of food supply chains, including production inputs, production, processing, and retail assets. The result will be confirmed or verified by the executing agency during implementation and at completion.
6.1.1	Government officials with increased capacity to design, implement, monitor, and evaluate relevant measures (number)	20	20 officials and relevant staff of MOFALI and other relevant agencies will be trained and strengthened on their knowledge of opportunities and challenges to build more resilient food supply chains. This result will be confirmed or verified by the survey of participants' feedback on learnings from training workshops.
6.1.3	Measures supported in implementation that promote resilience and responsiveness to economic shocks in a timely manner	1	One policy brief with a rapid response plan to address food insecurity risks during the coronavirus disease (COVID-19) crisis prepared. This result will be confirmed or verified by the TA progress report (data source for outcome).

MOFALI = Ministry of Food, Agriculture and Light Industry, OP = operational priority, TA = technical assistance, TBD= to be determined.
