

DEVELOPMENT COORDINATION MATRIX

ADB's Priority Pillars	ADB's Priority Sub-pillars	Other Development Partner's Strategies and/or Main Activities			
		Multilateral Institutions and the UN System	Strategies and/or Main Activities	Bilateral	Strategies and/or Main Activities
Environmentally Sustainable Development	Natural Resources Management and Biodiversity Conservation	World Bank	Ecosystem restoration and biodiversity conservation; sustainable natural resource management; and land remediation	KfW	Sustainable forestry, desertification control, biodiversity conservation, and wetland ecosystem management
		NDB	Ecological restoration, and water resource management	AFD	Biodiversity conservation and restoration, reforestation, and wetland management
		EIB	Sustainable forestry, fisheries, and water management		
		IFAD	Efficient and sustainable management of natural resources including water, land, crop varieties/animal breeds; dryland improvement; and restoring damaged natural resources to arrest further degradation, desertification		
		UNDP	Biodiversity conservation		
		UNESCO	Ecological and biodiversity conservation		
	Pollution Reduction (air, water, soil and marine)	World Bank	Sustainable water supply, sanitation, environmentally sustainable urban transport; air, water, soil, and marine plastic pollution control	KfW	Sustainable water and wastewater treatment, solid waste management and recycling; environment friendly transport; ocean pollution control
		IFC	Promote pollution abatement and clean technologies, and support private sector in recycling, water conservation, wastewater treatment, and solid waste management, green buildings	AFD	Ocean pollution control
				JICA	Cross-border pollution

ADB's Priority Pillars	ADB's Priority Sub-pillars	Other Development Partner's Strategies and/or Main Activities			
		Multilateral Institutions and the UN System	Strategies and/or Main Activities	Bilateral	Strategies and/or Main Activities
		AIIB	Sustainable and green infrastructure; low carbon energy for air quality improvement		
		NDB	Air, water, soil and chemical pollution control, sustainable waste management and resource efficiency		
		EIB	Circular economy		
		EU	Air, water, soil and chemical pollution control, sustainable waste; and management and resource efficiency		
		IFAD	Promotion of renewable energy in farms and rural areas; animal waste management; rural community waste management		
		UNDP	Low carbon development		
		UNESCO	Sustainable tourism		
Climate Change Adaptation and Mitigation	Strengthening Climate Resilience (adaptation)	World Bank	Smart and sustainable agriculture; food safety	AFD	Smart water management, comprehensive river basin management, lake health management, nature-based solutions; and flood control
		IFC	Water conservation in agriculture and invest in smart agribusiness		
		EIB	Sustainable forestry and agriculture development		
		IFAD	Agriculture modernization with increased climate resilience; climate smart infrastructures and production facilities; agricultural technologies and		

ADB's Priority Pillars	ADB's Priority Sub-pillars	Other Development Partner's Strategies and/or Main Activities			
		Multilateral Institutions and the UN System	Strategies and/or Main Activities	Bilateral	Strategies and/or Main Activities
	Promoting Low Carbon Development (mitigation)	<p>FAO</p> <p>UNDP</p> <p>World Bank</p> <p>IFC</p> <p>AIIB</p> <p>NDB</p> <p>EU</p> <p>EIB</p>	<p>practices that minimize soil and water pollution, including Good Agricultural Practices, and Integrated Pest Management</p> <p>Sustainable and climate-resilient agriculture development</p> <p>Natural disaster preparedness and risk management</p> <p>Introduce new approaches to encourage energy efficiency and use of renewable energy, green financing, sustainable and climate-smart agriculture, and promote low-carbon transport system</p> <p>Promote energy efficiency and renewable energy through private sector clients; support green finance instruments including green bonds, green loans, and green mobilizations to broaden and deepen Chinese green capital markets</p> <p>Low carbon energy transition and coal replacement</p> <p>Renewable energy, green transport</p> <p>Emission trading capacity building, low-carbon technologies</p> <p>Energy efficiency, sustainable transport, and circular economy</p>	<p>KfW</p> <p>AFD</p>	<p>Promotion of clean and renewable energies (solar PV, small hydro power, biomass and gas, wind power); technology-based transportation system to improve energy efficiency; district heating (new system based on gas, as well as fuel switch from coal to gas-fired heat in existing systems); waste to energy; and green finance</p> <p>Emission reduction and carbon sequestration, and sustainable urban infrastructure</p>

ADB's Priority Pillars	ADB's Priority Sub-pillars	Other Development Partner's Strategies and/or Main Activities			
		Multilateral Institutions and the UN System	Strategies and/or Main Activities	Bilateral	Strategies and/or Main Activities
		IFAD	Promotion of renewable energy in farms and rural areas		
		UNDP	Low carbon and green development, and carbon emission reduction		
		UNESCO	Climate change		
Aging Society and Health Security	Preparing for an Aging Society	World Bank	Increasing access to quality elderly care services	JICA	Knowledge sharing and dissemination in health care (infectious diseases control) and social security (aging care)
		IFC	Promotion of private sector participation in elderly care		
		EU	Active Aging index		
	Increasing National and Regional Health Security	World Bank	Increasing access to quality health services; value-based integrated service model of healthcare financing and delivery		
		IFC	Affordable health care		
		FAO	Promote one-health approach for sustainable agricultural trade and improved public health		
		EU	Expand social security and health care		
		WHO	Strengthening of the national health care system towards universal health coverage, reduce morbidity and mortality of major diseases, and enhance PRC's contribution to global health		

ADB's Priority Pillars	ADB's Priority Sub-pillars	Other Development Partner's Strategies and/or Main Activities			
		Multilateral Institutions and the UN System	Strategies and/or Main Activities	Bilateral	Strategies and/or Main Activities
Cross-cutting Theme: Institutional Reform	World Bank	Governance and institutional reforms for more equitable, greener and sustainable growth; health reforms to put patients first, shifting away from expensive hospital care Best practice international standards to create a more competitive private sector	KfW	Institutional strengthening and capacity building on sustainable development	
	IFC	Law and policy reforms to better protect children's benefits and rights including education	AFD	Institutional strengthening and capacity building on sustainable development	
	UNICEF	Conduct policy dialogues and trainings for institutional reform and capacity building in education sector			
	UNESCO	Strengthening of the regulatory capacity in health services, food safety and health products and technologies			
	WHO				
Cross-cutting Theme: Knowledge Sharing	World Bank	Collaborative research and analytics, and knowledge sharing with and between PRC and other developing member countries	JICA	Knowledge sharing on environment protection, health care, food safety, social security, and aging	
	NDB	Knowledge sharing platform among developing countries	KfW	Information and knowledge sharing on sustainable development	
	EIB	Knowledge partnership	AFD	Information and knowledge sharing on sustainable development	
	EU	Natural and cultural heritage preservation; research and innovation			
	FAO	Foster regional and international agriculture cooperation			

ADB's Priority Pillars	ADB's Priority Sub-pillars	Other Development Partner's Strategies and/or Main Activities			
		Multilateral Institutions and the UN System	Strategies and/or Main Activities	Bilateral	Strategies and/or Main Activities
		IFAD	South-South and triangular cooperation among countries of the South; sharing of knowledge, technology, policies and other resources, capacity development		
		UNESCO	The Great Wall Fellowship for South-South Cooperation		

ADB = Asian Development Bank; AFD = Agence Française de Développement; AIIB = Asian Infrastructure Investment Bank; EIB = European Investment Bank; EU = European Union; FAO = Food and Agriculture Organization of the United Nations; IFAD = International Fund for Agriculture Development; IFC = International Finance Corporation; JICA = Japan International Cooperation Agency; KfW = KfW Development Bank; NDB = New Development Bank; PRC = People's Republic of China; PV = photovoltaic; UN = United Nations; UNDP = UN Development Programme; UNESCO = UN Educational, Scientific, and Cultural Organization; UNICEF = UN International Children's Emergency Fund; WHO = World Health Organization
