Provisions relating to the determination of Rate of Interest

The Rate of Interest for each relevant Interest Period shall be determined by the Calculation Agent on each Interest Determination Date in accordance with the following provisions. The Rate of Interest for each Interest Period shall apply with effect from the Reset Date for that Interest Period.

The "Rate of Interest" for each Interest Period will, subject as provided below, be Compounded Daily SOFR plus the Margin.

"Interest Period" means the period beginning on and including the Interest Commencement Date to but excluding the first Interest Payment Date and each successive period beginning on and including an Interest Payment Date to but excluding the next succeeding Interest Payment Date, in each case, as adjusted in accordance with the relevant Business Day Convention.

"Compounded Daily SOFR" means the rate of return of a daily compounded interest investment (with the daily secured overnight financing rate as the reference rate for the calculation of interest) calculated in accordance with the formula below and the resulting percentage being rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards:

\[
\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{SOFR_{i-5USBD} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}
\]

where:

“d” is the number of calendar days in the relevant Interest Period;

“d_0”, for any Interest Period, means the number of U.S. Government Securities Business Days in the relevant Interest Period;

“i” is a series of whole numbers from one to d_0, each representing the relevant U.S. Government Securities Business Days in chronological order from and including the first U.S. Government Securities Business Day in the relevant Interest Period;

If the SOFR Reference Rate in respect of a U.S. Government Securities Business Day cannot be determined as specified in the SOFR Reference Rate definition above, unless both a SOFR Index Cessation Event and a SOFR Index Cessation Effective Date (each, as defined below) have occurred, the SOFR Reference Rate for such U.S. Government Securities Business Day shall be the SOFR Reference Rate in respect of the last U.S. Government Securities Business Day for which such rate was published on the New York Fed’s Website.

If the SOFR Reference Rate in respect of a U.S. Government Securities Business Day cannot be determined as specified in the SOFR Reference Rate definition above, and both a SOFR Index Cessation Event and a SOFR Index Cessation Effective Date have occurred, the SOFR Reference Rate for such U.S. Government Securities Business Day shall be the rate (inclusive of any spreads or adjustments) that was recommended as the replacement for SOFR by the Federal Reserve Board and/or the Federal Reserve Bank of New York or by a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York for the purpose of recommending a replacement for SOFR (which rate may be produced by the Federal Reserve Bank of New York or other designated administrator) (the “SOFR Replacement Rate”), provided that, if no SOFR Replacement Rate has been recommended within one U.S. Government Securities Business Day of the SOFR Index Cessation Event, then the Compounded Daily SOFR will be determined as if, for each U.S. Government Securities Business Day occurring on or after the SOFR Index Cessation Effective Date:

(i) references to SOFR were references to the daily Overnight Bank Funding Rate (“OBFR”) as provided by the Federal Reserve Bank of New York, as the administrator of such rate (or any successor administrator of such rate), on the New York Fed’s Website on or about 5:00 p.m. (New York City time) on each day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in New York City (”New York City Banking Day”) in respect of the New York City Banking Day immediately preceding such day (“OBFR Reference Rate”);

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be (i) that determined at the last preceding Interest Determination Date or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the scheduled first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on, and excluding, the Interest Commencement Date.

If the Notes become due and payable in accordance with Condition 9, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Pricing Supplement, be deemed to be the date on which the Notes became due and payable and the Rate of Interest on the Notes shall, for so long as any such Notes remain outstanding, be the Rate of Interest determined on such date.
