Sir,

Asian Development Bank launches Jalalpur Canal Project in Punjab Province, Pakistan. This project has affected all my agricultural and commercial lands in MOZA Wara buland khan. In this case, the government is doing us an injustice and paying a very low price, which is an injustice. I request you to protect our rights and pay the price of land according to the market price. The price of the land that was purchased a few years ago. Rs 120,000 per marla now Government d.c valuation table rate is also 122400 and now the government is giving us Rs. 2,000 per marla which is very unfair while the current market rate is Rs. 300,000 per marla i request you to help us in this matter.

Address faisal kamal s/o zamurad khan village wara buland khan thsel pind dadan khan district jhelum mobile number 03409214007.
