## EXECUTIVE SUMMARY

A total of thirty six (36) subprojects have been assigned for the preparation of Resettlement Plan as of 30 June 2017.

Three (03) Subprojects such as Panerchhara (SP45159), Harinmara-Duchri (SP-45151) and Barka Khal (SP-44142) were assigned to the INGO to prepare a Resettlement Plan. The Resettlement Plan of all the three (03) subprojects has been completed and approved by the ADB. At present in total three (03) numbers of subprojects namely Nakai Beel (SP44116), Sonaichhara (SP45203), and Chayani Khal (SP45163) are pending with the INGO for preparation of Resettlement Plans.

In the reporting period six (06) Resettlement Plans of Chambi Khal (SP46222), Abupur (SP46228) Mundail Khal (SP46251), Sannashipara (SP44086), Kahani Beel (SP44122) and Kishoree Beel (SP45149) subprojects were implemented. In addition to this the allocation for resettlement Benefit of Harinmara-Dusri Khal (SP45151), Panerchhara (SP45159), Kashimpur Bhunh (SP44141) and Barka Khal (SP44142) subprojects will be released for implementation as soon as possible subject to budget allocation is available.

At the thirty one (31) subprojects Resettlement Plans were prepared and approved by the ADB. A total of nine thousand two hundred and nineteen (9219) people have been adversely impacted including four thousand three hundred and sixty two females (4362-47.32%) in two thousand and two (2002) households. The households have lost access to 10848 decimals (108.48 acres) of Government Khas land where they cultivated seedlings, field crops and trees. One hundred and forty six (146) households were headed by females.

The estimated compensation budget for these thirty one (31) subprojects is BDT 26040793 of which BDT 17477262 has been disbursed to one thousand eight hundred and eighty two (1882) Project-affected households.

As of 30 June 2017, instead of land acquisition, Long-term lease has been accepted by the PAPs at nine (09) subprojects. Quantum of land for each of the subprojects are as follows: Adabaria (SP43057):1.09 Dec; Kankdia (SP41005):4.60 Dec; Swarupdaha Dhunar Khal (SP44074):1.31 Dec; Kumira Beel (SP44105):0.02 Dec; Karam Ali Chara (SP45179):0.04 Dec; Tumchar Kalirchar (SP43073): 0.67 Dec; Gouripur (SP43062): 0.02 Dec; Volda Beel (SP44082): 5.61 Dec and Kashimpur Bundh (44141) '03.00 Dec of land. The total area of land involved in the lease agreements with the respective WMCAs was 1339 decimals (13 thirteen acres and 39 thirty nine Dec of land) and one hundred twenty three (123) impacted households were involved in the agreements. All these data were collected from long-term land lease agreement deeds. In reporting period, only one enhancement of long-term lease agreement deed is furnished.

A total of two hundred and thirty one (231) Socio-economic Survey (SESR) Reports had been submitted to ADB for record by the reporting period. Accordingly, cumulative progresses of SESR including "how many householders were interviewed" are stated below:

Indicator	Cumulative progress against overall targets					Remarks
	Target of (SP)	Achievement as of Dec-2016	Achievement January to June 2017	Cumulative progress as of June 2017	Achievement %	
SESR	270	225	06	231	100%	2068 HHs was interviewed against 231 SPs.

Regarding resettlement plan implementation related to Land acquisition, only two LA cases have been initiated for Sonaichhara (SP-45203) and Nakai Beel (SP44116) subprojects with a total area of land (42+18) =60 decimals. The Land acquisition proceedings has been processed for Sonaichhara subproject in Upazila Mirersarai, District Chittagong and land under the case already been handed over to the requiring body (RB). The land acquisition activity of Nakai Beel in Upazila Palashbari, District Gaibandah has been completed up to

under section 7 of the LA laws. The necessary compensation benefit of the affected persons has been placed before the respective Deputy Commissioner as per demand and estimate.

Grievance Redress Committees are formed in accordance with the Local Government Division notification. However, GRC charter of duties and responsibilities mentioned in the "Resettlement Book" with direction to convene and member-secretaries of the committee to take necessary steps about disposal of aggrieved persons (PAPs) cases if any, rather than filing of Grievance format supplied to the all concern with request to follow GRM and maintain all records including cause registers for future inspection. In this connection PD, PMO of the project has formed a task force vide memo no. LGED/PSSW/PD/R-01/2011/827 dated 15-03-2011 and endorsed to all relevant persons/offices/INGO for further necessary actions.

In the reporting period Executive Engineer, Cox's Bazar submitted aggrieved person's grievances under the subprojects namely Panerchara (SP45159) and Harinmara-Dusri khal (SP45151). The details are shown as follows:

Name of SP with ID	How many aggrieved Person?	Subject of Grievance	How Many Were Taken?	How many rejected after Verification?	How long did it take to Resolve/Refer to a Higher Channel?	Remarks
Panerchara SP-45159	03	Related to affected person: Crop = 02 Trees = 03	All are taken in consideration as per framework of RP.	N/A	SP assigned on . 17.01.2017 and approved by ADB on 15.05.2017.	
Harinmara-Dusri Khal SP-45151	15	Crop = 02 Trees = 03 Structure = 03	All are taken in consideration as per framework of RP.	N/A	SP assigned on . 17.01.2017 and approved by ADB on 15.05.2017.	

Accordingly CCDB, an INGO has been instructed to prepare Resettlement Plans. The RP for these subprojects has been prepared and approved by the ADB dated: 15.05.2017. The compensation benefit will be paid after fund placement with XEN. It has been transpired that the Monirjheel-Sonaichari (SP43051) subproject had been handed over to the WMC earlier, so GRC/DRM is not applicable in this subproject.

### **Synopsis of SESR and Resettlement Plans**

- (a) SP Planned for Implementation under revised Target: 283.
- (b) SESR completed and submitted to the ADB: 231.
- (c) At present Socio-economic survey reports are not required for any of the SP.
- (d) Subprojects SESR required but dropped due to Social Conflict: 16.
- (e) Total number of subprojects Assigned for Resettlement Plan: 34.
- (f) Total number of subprojects dropped at RP stage due to Social Conflict : 2.

# **SOCIAL MONITORING REPORT OF THE PARTICIPATORY SMALL SCALE WATER RESOURCES SECTOR PROJECT (PSSWRSP)**

## **1. Background**

1. The Participatory Small-scale Water Resources Sector Project (PSSWRSP) intends to reduce poverty through increase of agricultural production in subproject areas through a sustainable stakeholder driven Small-scale Water Resources (SSWR) management system; and to internalize the participatory development processes through the strengthening of the Local Government Engineering Department's (LGED) Integrated Water Resources Management Unit (IWRMU) to plan, implement, monitor and support sustainable SSWR development. LGED is the Project Executing Agency (EA).
2. The Project builds on lessons learnt from previous ADB, IFAD, Netherlands Government and the Government of Bangladesh investments in the small-scale (less than 1,000 hectares) water resources sector. Especially the Small Scale Water Resources Development Sector Project (SSW 1) which was implemented from 1996 to 2002 and developed 280 subproject in the western part of Bangladesh; the Second Small-scale Water Resources Development Sector Project (SSW 2) which commenced in 2002 and was completed in 2009 after developing 275 subproject in 61 of 64 districts of Bangladesh. SSW 3 is the Participatory Small Scale Water Resources Sector Project (PSSWRSP) or the Project.
3. The Project will, by June 2018 develop 270 new subprojects in 46 out of 61 districts of Bangladesh, excluding three districts of Chittagong Hill Tracts (CHT), and 15 districts in which a similar project is being financed by the Japan International Cooperation Agency (JICA). Based on the agreed subproject selection criteria, the Project has undertaken subproject of four types:
  - Flood Management, rehabilitate and construct embankments and/or sluice gates to reduce the depth and duration of farm land flooding;
  - Drainage improvement, re-excavate of drainage canals to increase the capacity of the drainage systems to benefit agriculture and cultured fisheries;
  - Water Conservation, to develop the water retention capacity of existing haors, beels and khals to increase availability of irrigation water; and
  - Command Area Development, to improve existing irrigation systems by providing better distribution systems to increase efficiency and productivity of irrigation water.
4. Water Management Cooperative Associations (WMCA) are established at each subprojects and provided with substantial institution support before and during infrastructure development and after subproject construction completion.

## **2. Resettlement Framework, Legal Obligations of Loan Agreement**

5. The Resettlement Framework (RF) is based on the national land acquisition and requisition laws (especially Acquisition and Requisition of Immovable Property Ordinance, 1982), and ADB's Involuntary Resettlement policy (1995). Note that in July 2009, ADB's Board of Director approved the New Safeguard Policy Statement (SPS) for the governance of the environments and social safe guard of ADB's operations. The SPS aims to avoid, minimize or mitigate harmful environmental impacts, social cost, and to help borrowers/clients strengthen their safeguard systems. The SPS's supersedes ADB's Involuntary Resettlement Policy (1995), Policy on Indigenous People (1998) and Environment Policy.

6. However, in accordance with the SPs, the previous policies apply to all projects that were reviewed by ADB management before 20 January 2010. As the loan agreement of the PSSWRSP was signed on 10 September 2009, the PSSWRSP will remain under the 1995 Involuntary Resettlement Policy and the 1998 policy on Indigenous Peoples.
7. The RF provides guidelines for the formulation of subproject Resettlement Plans under the Project and will apply to all subprojects to be prepared under the Project. The RF ensures that all Affected-Persons (APs) titled, or non-titled, will be eligible for appropriate compensation packages under the Project. The RF confirmed that, considering the high level of beneficiary participation in the project and relatively minor land acquisition at a few subprojects a negotiated settlement for land acquisition will be preferred option to the formal land acquisition processes.
8. Indigenous People (IPs) live in some district of Bangladesh especially those bordering India and Myanmar. No major impacts on them are anticipated. Since at the time of project preparation the subprojects with indigenous people were not identified and as such the Project was **classified as B category**. Feasibility studies investigated and prepared IP plans, if necessary. If IPs are adversely affected by subprojects they will be compensated according to the RF and according to the ADB's policy on Indigenous People (1998). In addition to the RF, an Indigenous Peoples Development Framework (IPDF) was prepared for the PSSWRSP and seeks to ensure that IPs, if present in the subproject villages, are informed, consulted and mobilized to participate in subproject preparation.
9. The IPDF was intended to guide selection and preparation of additional subprojects under the project where impacts on IPs are identified to ensure better distribution of the Project benefits and to promote development for IPs found to be within the subproject areas. The ADB's policy on IP aims to protect ethnic minorities from the adverse impact of development, and ensure that ethnic minorities benefit from development projects. The need for an Indigenous Peoples Specific Plan (IPSAP) will be established based on the criteria set out in the ADB's policy on IPs. The IPSAP will ensure that project affected IPs are at least as well off with the project as without it.
10. There are limited numbers of IPs living in the districts under the Project. In the subprojects under the district no IP communities are affected. Moreover, no IP is negatively impacted and there is no list of AP. Further, as the project procedures are designed to ensure the participation of all local stakeholders including IPs, and since the subprojects will improve the overall environment and agricultural production, no adverse impact on IPs is likely to occur where they are found in subproject areas. If the impact on IP is determined to be insignificant, then specific actions in favor of the IPs will be integrated in Resettlement Plan developed for subprojects or a common Community Action Plan including IPs and non-IPs will be developed.

### **3. Semi-annual Social Monitoring Report January-June-2017**

11. This report is the 12th Semi-annual Social Monitoring Report covering the period January-June 2017. Overall progress as of 30 June 2017 is summarized in Table 1 below. The table sets out projected targets for subprojects requiring a Resettlement Plans by Batch Number and Year of Project. At subprojects where an RP is not required the socio-economic survey carried by the district LGED staff with assistance from the PMO is used to produce a Socio-economic Survey Report (SESR) that is submitted to ADB for record.

**Table 1: Summary of Resettlement Plans and Socio-economic Survey Reports Implementation by Project Year and Batch Number as of 30 June 2017**

Batch/Year	Planned SP Implementation Target	Revised Target	Planned Resettlement Target	Subproject Assignment of Resettlement Plan	Resettlement Plan				SESR		Social conflict	
					Approved ADB	Implemented	RP under process	RP under Preparation	Number of SESR submitted	SESR required	RP	SES
Batch 1 2010 - 2011	2	2	1	1	1	1	0	0	1	0	0	0
Batch 2 2011 - 2012	20	20	4	4	4	4	0	0	14	0	0	2

<b>Total</b>	<b>270</b>	<b>283</b>	<b>80</b>	<b>36</b>	<b>31</b>	<b>27</b>	<b>4</b>	<b>3</b>	<b>231</b>	<b>0</b>	<b>2</b>	<b>16</b>

Data Sources: PMO/PIC

### 3.1 Data sources.

12. Data for the Socio-economic Survey Reports is obtained from LGED district staff that conducts the Detailed Measurement and Socio-economic Surveys and while data related to resettlement is taken from Resettlement Plans and CCDB reports issued very two months.

## 4. Status of Social Safeguards

### 4.1 Resettlement Plans

13. Thirty-six (36) subprojects involving Involuntary Resettlement have been identified and consequently require the preparation and implementation of a Resettlement Plan, and subsequently monitoring of the effectiveness of mitigation of the adverse impacts on project-affected-peoples (PAPs): Table 2. Five (05) subprojects Resettlement Plans (RP) were prepared and implemented in-house by LGED staff from the Project Management Unit (PMO), assisted by the Social Safeguard Specialists of the Project Implementation Consultants (PIC). Subsequently an INGO was contracted named Christian Commission for Development in Bangladesh (CCDB)-in May 2012 to carry out the work. The preparation of thirty-one (31) Resettlement Plans have been assigned to CCDB, out of which two (2) subprojects are deferred due to social conflict.
14. As of 30 June 2017:
  - The preparation of thirty-three (36) resettlement plans had been assigned of which RP for 2 SP has been dropped.
  - Twenty-seven (27) resettlement plans had been implemented;
  - At six (06) subprojects the resettlement plans were implemented and disbursement of compensation was completed in the reporting period.
  - At four (04) subprojects the resettlement plans implementation and disbursement of compensation is under process.
  - At three (03) subprojects the resettlement plans is under preparation; and
  - At two (2) subprojects social conflict has delayed preparation and implementation of the resettlement plan.
15. Three (03) subprojects namely: Nakai Beel, Sonaichhara and Chayani Khal were assigned to CCDB for preparation of the resettlement plan. Resettlement Plans of these three (03) subprojects have not been completed as the Property Valuation Advisory Team (PVAT) reports pending and as such submission of RP to the ADB for approval was delayed. Thus, the number of the Project Affected Persons (PAP's) is estimated at this stage.
16. At six (06) subprojects Chambi Khal, Abupur, Mundail Khal, Sannashipara, Kahani Beel and Kishoree Beel disbursement of compensation was completed (Table 4) in the reporting period. A total of BDT 17477262.50 was disbursed to implement the Resettlement Plans and compensation paid to one thousand eight hundred and eighty-two (1882) Project-affected persons (PAPs).
17. At four (04) subprojects namely Harinmara-Dusri Khal, Panerchhara, Kashimpur Bund and Barka khal the resettlement plan will be implemented as shown in Table 5. The PAPs and their impacted assets have been identified at each subproject. The assets have been valued and an estimated budget calculated for a total of BDT 31,49,233'00 and will be disbursed to the fifteen (15) PAP's, three (03) PAPs, fourteen (14) PAPs, and three (03) PAPs respectively.
18. The Key data from the thirty-six (36) subprojects Resettlement Plans approval and RP process including preparation is presented in Table-3: Source: PMO/PIC

## 4.2 Land Lease Agreements

19. The Project has taken up only a few SP that involved land acquisition (LA), and followed the procedures as defined in the resettlement framework for addressing any unavoidable land acquisition. To avoid the lengthy procedure of land acquisition, ADB has approved the land lease agreement option for some subprojects with the condition of lease period not less than 20 years. As of 30 June-2017 land lease has been accepted by PAPs at nine (09) subprojects Adabaria (SP43057), Kankdia (SP41005), Kumira Beel (SP44105), Karam Ali Chara (SP45179), Tumchar Kalirchar (SP43073), Gouripur (SP43062), Volda Beel (SP44082) and Swarupdaha Dhunar Khal (SP44074) and Kashimpur Bundh (44141) where resettlement plan required for all the subprojects. Only one long term land lease agreement/Deed furnished in this reporting period at kashimpur Bundh SP.

20. The total area of land involved in the land lease agreements with the respective WMCAs was 1,339 decimals (13 acres 39 Dec) and one hundred and twenty two (123) impacted households were involved in the agreements.

## 4.3 Socio-economic Survey Reports

21. After completion of the detailed design the PMO socio-economist organizes a Detailed Measurement Survey (DMS) and subsequently a census and socio-economic survey (SES) of PAPs at the subproject<sup>1</sup>. The DMS is carried out to identify any adverse impacts and to what extent, if any, they impact assets including an assessment of residential properties/assets in the locality. Conversely it can also establish there are no adversely affected-persons in the subproject. The survey team consists of WMCA representatives, local government representatives, district socio-economist, Upazila Engineer, Community

<sup>1</sup> The SESR methodology has been presented in detail in previous reports for example "No. 4: Semi Annual Social Monitoring Report July 2013" and is not repeated in this report

Organizer and a representative of district Executive Engineer of LGED. Focus group discussions are organized. Each member of the socio economic survey team certifies the information collected. The survey forms are cross checked by the PMO socio-economist who prepares the Socio-economic Survey Report with assistance from the PIC Team Leader taking into account the finding of the survey data, field visit, focus group discussions, and meeting with different stakeholder. The SESR is submitted to ADB along with copies of the socio-economic survey forms for record.

22. As of the 30 June 2017 two hundred and thirty one (231) SESR had been submitted to the ABD for record including only six (06) in the reporting period. (APPendix-1):

## **5. Consultation and Disclosure**

### **5.1 Consultation and Stakeholders Participation**

23. Consultation with the affected-persons and communities were carried out at all stages by PMO/PIC/INGO. The detail information regarding the formation of Property Valuation Advisory Team (PVAT), Resettlement Advisory Committee (RAC) and Grievance Redress Committee (GRC) was communicated to the subproject beneficiaries. After approval of the Resettlement Plan by ADB it was published on LGED website. Subsequently the salient feature of Resettlement Plan was translated into Bangla and produced in the form of a brochure. The brochure includes the Entitlement of the affected person and structure of committees and their terms of reference. The brochure was distributed to the beneficiaries and affected persons of the subproject area. It was made available to WMCA office and Union Parishad office for public access to the document.

In the reporting period seventy one (72) focus group formed and one hundred and twenty nine (129) focus groups meetings were held in the office of the WMCA with an attendance of two thousand two hundred and eighty seven (2287) participants; Number of project affected persons (PAP's) with 1918 male and 209 female in total 2127 and rest of the 160 local peoples attended in the focus group discussion (FGD). Accordingly all the meetings discussion was recorded and signed minutes of the FGD meeting enclosed with the relevant PRA, FS, DD, RP and SESR.

### **5.2 Grievance Redress Mechanism**

24. The Ministry of Local Government, Rural Development and Cooperatives through gazette notification formed two committees namely Property Valuation Advisory Team (PVAT) and Grievance Redress Committee GRC vide no 40.068.004.00.00.002.2011-161 dated 10-03-2011 for implementation of subproject Resettlement Plans. The GRC was formed for resolving any grievance involving resettlement benefits, relocation and other assistance. The scope and responsibility of the Grievance Redress Committee has been clearly defined in the gazette.
25. The GRC consists of the local Representative from LGED who will chair the GRC. Members will include APs representatives, including one male and female, representative of Union Parishad and one member from the INGO, who will act as member secretary. The GRC is formed immediately after approval of Resettlement Plan.
26. Prior to the using GRC, all efforts are made to reach informal resolution of an AP grievance. If this fails only then the GRC be approached by an AP having a grievance. Grievance cases from the APs will be received in the office of the chair person. Upon receipt of complaint, the GRC will organize a hearing and pass verdict, which will be formally conveyed to the concerned APs. The GRC will settle the disputes within 15 days of receiving the complaints from an AP. If not resolved at the GRC or project level, the matter may be deferred to a Court of Law. Rather than filing of Grievance format supplied to the all concern with request them follow GRM and maintain all records including cause registers for future inspection. In this connection PD, PMO of the project has formed a task force vide memo of LGED/PSSW/PD/R-01/2011/827 date: 15/03/1011 and endorsed to all relevant persons/offices.

As per gazette notification of the Ministry of Local Government, Rural Development and Co-Operative's (Local Govt. Division) vide memo no-46.068.004.00.00.002.2011-161 dated: 10.03.2011 GRC has to be formed in accordance with resolving grievances involving resettlement benefits, relocation and other assistances. The scope and responsibility of the GRC has been clearly defined in the said gazette. The GRC will have to exercise power to resolve resettlement and compensation issues preemptive to their being addressed through legal system. In gazette notification GRC have their five (5) functions of which number 4 is being defined to avoid lengthy and costly litigation process rather to settle amicably. The formation of GRC in case of applicable situation is none in this connection. The meetings were organized for amicable settlement and no suit case in the respective court of law in the reporting period.

In this reporting period the two (02) subprojects namely Panerchara and Harinmara-Dusri khal needed GRC/GRM as per report of the XEN Cox's Bazar. As shown above in the tabular forms there are 18 aggrieved persons in these 2 SPs. Project Director (PD) directed to CCDB to take cognizance of the aggrieved persons and arrange to pay compensation to the persons concern after their demand and dispose of as per GRC procedure. Meanwhile both the subprojects RP has been prepared and approved by the ADB. Compensation benefit will be disbursed as soon as possible provided Govt. budget allocation is available.

## 6. Training

27. Resettlement training courses were held in the reporting period as follows. Training summary January-June 2017 is furnished below:

	Course Title	Participants	Duration (Days)	From	Venue	Participants		Trainee day
						Male	Female	
<b>Resettlement Planning &amp; Implementation</b>								
1	PSSW-49 Resettlement Planning & Implementation	Sub-Assistant Engineer	2	25-26.1.2017	Dhaka, LGED	25	04	58
2	PSSW-49 Resettlement Planning & Implementation	Sub-Assistant Engineer	2	30-31.1.2017	Faridpur LGED	25	05	60
3	PSSW-49 Resettlement Planning & Implementation	Sub-assistant Engineer	2	6-7.2.2017	Rajshahi, LGED	28	01	58
4	PSSW-49 Resettlement Planning & Implementation	Sub-Assistant Engineer	2	8-9.2.2017	Rangpur, LGED	29	01	60
5	PSSW-49 Resettlement Planning & Implementation	Sub-Assistant Engineer	2	22-23.2.2017	Chittaganj, LGED	26	01	54
6	PSSW-49 Resettlement Planning & Implementation	Sub-Assistant Engineer	2	6-7.3.2017	Faridpur, LGED	29	01	60
<b>Total</b>						<b>162</b>	<b>13</b>	<b>350</b>

## 7. Indigenous People

28. To date, no Indigenous People (IP) has been recorded in any subproject feasibility study reports. The ADB's policy on IPs aims to protect ethnic minorities from the adverse impacts of development, and to ensure that ethnic minorities benefit from development projects. The need for an Indigenous People Specific Action Plan will be established based on the criteria set out in the ADB's policy on IPs.

## 8. Gender Issues

29. As per Entitlements Matrix female headed households as vulnerable APs are entitled to additional cash grants. There is a provision to undertake training programs for the poor and vulnerable for livelihood restoration, where possible female are employed in the project during construction. As of 30 June 2017 two hundred and nine (209) adversely impacted households are headed by females.

A total of 209 women (out of 2127 persons) received payment of compensation as entitled persons. Total 120 (104 male and 16 female) persons received additional grant in cash as vulnerable which is female head household is only 16.

## **9. Supervision and Monitoring**

30. LGED is holding regular meeting which are attended by the project personnel and CCDB. Moreover, the Area Managers and Supervisors' are attending the meetings when required. In the meetings both the monthly progress and problems are reviewed, analyzed and necessary instructions are given.
31. LGED district staff are carrying out follow-up monitoring at subprojects where Resettlement Plans have been implemented to ensure that the compensation are adequate in maintaining the livelihood of adversely impacted households.
32. The PIC has already recruited a national Social Safeguards Specialist to support the Social Development process.

## **10. Conclusions**

33. Stakeholders' participation in resettlement of the adversely affected-persons is a major concern of the RP implementation. The Project has placed high priority on such participation. The Project is extending its expertise to make it a success. However, a number of constraints and challenges have been identified in implementation of RP. Considerable time is taken for release of compensation funds from AG office to the Executive Engineer of districts. In spite of constraints due to rainy season the collection of data for SES and PVAT operations is being carried out by avoiding any inaccuracy in the data collection.
34. A total of thirty-six (36) subprojects, including seven (07) in the reporting period, have been assigned for the preparation of a Resettlement Plan.
35. In the reporting period Resettlement Plans for (06) six subprojects such as Chambi Khal, Abupur, Mundail Khal, Sonnasipara, Kahani Beel and Kishoree Beel subprojects were implemented.
36. A total of two hundred and thirty-one (231) Socio-economic Survey Reports had been submitted to ADB for record by the 30 June 2017, including only six (06) in the reporting period.
37. The table: 6 are prepared following the Monitoring Mechanism as in accordance to Monitoring aspects.

**Table 6: Monitoring Indicators:**

**Statement of Monitoring Aspects based on Several Potential Indicators. Source: CCDB, INGO.**

SL No	Monitoring Aspects	A. POTENTIAL INDICATORS	B. COMMENT BASED INDICATORS	C. REMARK'S
01	Delivery of Entitlements	<ul style="list-style-type: none"> <li>Entitlements disbursed, compared, with number and category of losses set out in the entitlement matrix.</li> </ul>	In the reporting period an amount of Taka 26040793.50. Has been estimated for 1,996 Project Affected Persons (PAP's). Out of which Taka 17477262.50 has been disbursed among the 1882 PAP's. Rest of the RP's estimated and approved amount will be paid to the PAP's as per their entitlements.	
		<ul style="list-style-type: none"> <li>Disbursements against timelines</li> </ul>	Payment to affected persons disbursed in accordance with the agreed time limit after completion of all government accounting formalities related to financial rules/regulations and also record keeping for future audit / Inspection	
		<ul style="list-style-type: none"> <li>Identification of the displaced persons losing land temporarily, e.g. through soil disposal, borrow pits, contractors camps, been included.</li> </ul>	On the basis of the socioeconomic survey report and as per approved resettlement framework, Resettlement Plans has been prepared. It has been transpired that 1996 persons have been identified as displaced and paid their compensation benefit as proposed in the approved RP.	
		<ul style="list-style-type: none"> <li>Timely disbursements of the agreed transport costs, relocation costs, income substitution support and any resettlement allowances, according to schedule.</li> </ul>	Relevant benefits and allowances disbursed by the empowered disbursing authority as per schedule programmed.	
		<ul style="list-style-type: none"> <li>Provision of replacement land plots</li> </ul>	No provision for replacement of land plots for affected person's those who are occupied/acquired land/plot/area of land.	
		<ul style="list-style-type: none"> <li>Quality of new plots and issue of land titles,</li> </ul>	Not applicable.	
		<ul style="list-style-type: none"> <li>Restoration of social infrastructure and services</li> </ul>	Water Management Cooperatives Association (WMCA) may take steps for social service through orientation work; if possible committee may go for infrastructural work with help of social/public voluntary participation as and when necessary.	
		<ul style="list-style-type: none"> <li>Progress on income and livelihood restoration activities being implemented as set out in the income restoration plan for example, utilizing replacement land, commencement of production, the number of the displaced persons trained in employment with jobs, micro credit disbursed and number of income-generating activities assisted.</li> </ul>	As a participatory project; WMCA may adapt described program as per their needs as a registered cooperatives association including income generating program/micro credit/training etc.	
		<ul style="list-style-type: none"> <li>Affected businesses receiving entitlements, including transfer and payments for net losses resulting from lost business.</li> </ul>	The affected persons are being compensated as per their entitlement which is as proposed in the approved RP.	
02	Consultation and Grievances	<ul style="list-style-type: none"> <li>Consultations organized as scheduled including meetings, groups and community activities.</li> </ul>	CCDB has organized focus group meeting/consultation meeting during socio-economic survey conduct with the Project Affected Persons (PAPs) in the sub-project areas. Tentative loss items have been discussed with the PAP's. Information brochures have been widely circulated among the entitled persons to enhancement level, Knowledge of AP's. Group discussion has
