INDEPENDENT AUDITOR REPORT

**To: The Management of the State-owned Enterprises Reform and
Corporate Governance Facilitation Program – Project 2**

Opinion

We have audited the accompanying financial statements of the State-owned Enterprises Reform and Corporate Governance Facilitation Program – Project 2 (“the Project”) funded by the Asian Development Bank (“ADB” or “the Lender”) and implemented by Vietnam National Textile and Garment Group under the Loan Agreements No. 3240-VIE and No. 3242-VIE (SF), which comprises the balance sheet as at 31 December 2017, the statement of project implementing expenditures, the statement of withdrawals, the statement of cash flows and the statement of budget versus actual expenditures for the year then ended and notes, comprising a summary of significant accounting policies and other explanatory information (“the financial statements”), as set out on pages 10 to 22.

In our opinion, the accompanying financial statements are prepared, in all material respects, in accordance with the basis of accounting and the accounting policies as described in Note 2 and Note 3 to the financial statements.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Project in accordance with the ethical requirements that are relevant to our audit of the financial statements in Vietnam, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting and Restriction on Use and Distribution

We draw attention to Note 2 and Note 3 to the financial statements, which describe the basis of accounting and the accounting policies adopted by the Project. The financial statements are prepared for the information of and use by the Project Management and the Lender. As a result, the financial statements may not be suitable for another purpose. Our audit report is intended solely for the Project Management and the Lender and should not be used by or distributed to other parties other than the Project Management and the Lender. Our opinion is not modified in respect of this matter.

Responsibilities of Management for the Financial Statements

The Project Management is responsible for the preparation of the financial statements in accordance with the basis of accounting and the accounting policies described in Note 2 and Note 3 to the financial statements, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Project's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to cease operations or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Project's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Project's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Project to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
