INDEPENDENT AUDITORS' REPORT ON THE PROJECT FINANCIAL STATEMENTS

**To: The Management Unit of Investment and Construction Project
Quang Nam Water Supply and Drainage JSC**

Opinion

We have audited the accompanying Financial statements of the Water supply system for Tam Hiep and Dien Nam – Dien Ngoc Urban Project ("the Project") which comprise:

- ▶ Statement of Financial Position as at 31 December 2019, Statement of Receipts and Disbursements, Statement of Budget versus Actual Disbursements and Notes to the Project Financial statements for the year ended 31 December 2019, including a summary of significant accounting policies of the Loan Number 2961 – VIE;
- ▶ Statement of Financial Position as at 31 December 2019, Statement of Receipts and Disbursements, Statement of Budget versus Actual Disbursements, Statement of Advance Account, Statement of Withdrawals and Reconciliation of Funds and Notes to the Project Financial statements for the year ended 31 December 2019, including a summary of significant accounting policies of the Loan Number 3251 – VIE.

In our opinion, the accompanying Financial statements give a true and fair view of the financial position of the Project, including the balance of the Advance Accounts as at 31 December 2019, funds received and expenditures incurred, movements of the Advance Account for the year ended 31 December 2019 in accordance with the basis of the principal accounting policies described in the Notes to the Project Financial statements and the provisions of the Loan Number 2961 – VIE signed on 23 May, 2013 and the provisions of the Loan Number 3251 – VIE signed on 19 November, 2015.

Basis of Opinion

We conducted our audit in accordance with the International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Project Financial statements section of our report. We are independent of Project Management Unit in accordance with the international Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Project Financial statements

The Project Management Unit is responsible for the preparation of the Project Financial statements in accordance with the principal accounting policies described in Notes to the Project Financial statements, and for such internal control as management determines is necessary to enable the preparation of Financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Project Financial statements, the Project Management Unit is responsible for assessing the Project's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Project Financial statements

Our objectives are to obtain reasonable assurance about whether the Project Financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Project Financial statements.

As part of an audit in accordance with the ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the Project Financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Project's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures Financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Project to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the Project Financial statements, including the disclosures, and whether the Project Financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Project Management Unit, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

For the year ended 31 December 2019

1. Background

The Water supply system for Tam Hiep and Dien Nam – Dien Ngoc Urban Project ("the Project") is a sub-project of the Viet Nam Water Sector Investment Program ("the Program"), which is invested by Quang Nam Water Supply and Drainage JSC ("Quang Nam WS"). In addition to the counterpart funds, the Project is financed by the Asian Development Bank ("ADB") under the Loan Number 2961 – VIE and the Loan Number 3251 – VIE ("the Agreements"). Some milestones of these agreements are as follows:

Agreement	Signing date	Effective date	Closing date (expected)
Loan No. 2961-VIE	23 May 2013	18 September 2013	30 June 2020
Loan No. 3251-VIE	19 November 2015	29 March 2016	31 December 2020

The main objectives of the Project are: (i) Constructing Dien Nam - Dien Ngoc water supply system with capacity of 15,000 m³/day each to supply water to 9 communes, Dien Nam - Dien Ngoc Industrial Park, Trang Nhat 1, 2 Industrial Park, and Dien Ban District Tourist Area; and (ii) Expansion of the Tam Hiep water supply system with a capacity from 5,000 m³/day to 20,000 m³/day for the purpose of providing sustainable water supply services for Chu Lai Economic Zone.

The Project includes 02 components as below:

Component 1: Constructing Dien Nam - Dien Ngoc urban water supply system

- ▶ Constructing a pumping station and a raw water pump station with the capacity of 15,000 m³/day at Bau Sau River;
- ▶ Installing a rough water pipeline of about 2.4 km to drain water from the crude water pump station to Dien Nam - Dien Ngoc Water Plant;
- ▶ Constructing Dien Nam - Dien Ngoc Water Plant with a capacity of 15,000m³/day for the phase I in 2013 - 2016 in Trang Nhat 1 Industrial Zone, Dien Bien District, including a tank of 32,000m³ of raw water, a treatment group of 15,000 m³/day, a fresh water tank of 2,000 m³/day, a second level pump station and a filtration system, electrical equipment and drainage system using Lamem sedimentation technology;
- ▶ Constructing of a fresh water tank of 2,000 m³, sedimentation ponds for settling tanks and wastewater treatment tanks; constructing raw water pumping stations of 15,000 m³/day, grade II water supply stations for water supply and pressure requirements;
- ▶ Constructing a 18 km long transmission pipeline system using HDPE D400 and D300 pipes, 54 km of distribution pipeline using HDPE D110, D160, D225 and D250 pipes, 90 km of service pipeline and installing 8,000 consumption meters.

Component 2: Expansion of Tam Hiep water supply system

- ▶ Expansion of Tam Hiep water plant with a capacity from 5,000 m³/day to 20,000 m³/day with constructing of a new production unit of 15,000 m³/day in Bich Son village, Tam Xuan commune, Nui Thanh district and using fast filter technology;
- ▶ Constructing a D400 300m long raw water pipe from the raw water pump station in Phu Ninh lake to the water treatment plant in Tam Xuan 2 commune;
- ▶ Constructing a fresh water tank of 2,000 m³, sedimentation ponds for settling tanks and wastewater treatment tanks; constructing of raw water pumping stations of 15,000 m³/day, grade II water supply stations for water supply and pressure requirements;

- Building auxiliary works: operator, chemical house, workshop, warehouse, gate, fence, tree, internal road, drainage, electricity, new transformer station 560KVA - 22/0.4 KV;
- Constructing and installing of 18.1 km D500, D400 and D300 transmission pipelines, 39 km of D110, D165 and D250 distribution pipelines, and 75 km of service pipeline for 8,000 households.

The Project is managed by the Management Unit of Investment and Construction Projects of Quang Nam Water Supply and Drainage JSC ("the Project Management Unit"), and its office is located at No. 86-88 Phan Boi Chau Street, Tam Ky City, Quang Nam Province.

a. Basis of accounting

The annual accounting period commenced from 1st January to 31st December.

The Project Financial statements are prepared under the requirements of the Asian Development Bank and in accordance with Vietnamese Accounting Standards and Circular No. 195/2012/TT-BTC dated 15 November 2012. Statement of Receipts and Disbursements is prepared on the cash basis.

These Financial statements are presented in Vietnam Dong (VND), except for Statements of Advance Account and Statement of Withdrawals and Reconciliation of Funds which are prepared in United State Dollar (USD) and Vietnam Dong (VND). These Financial statements are prepared in accordance with the principal accounting policies are summarized as below:

b. Foreign currencies

Funds received from the Asian Development Bank in foreign currency are converted to VND under buying exchange rate of Saigon – Hanoi Commercial Joint Stock Bank – Quang Nam Branch ("the serving bank") on dates of remittance made into Advance Account or direct payment made to contractors/suppliers. Capitalization of interest charges and commitment fees (Note 2c) in USD is converted to VND under monthly exchange rate of the Ministry of Finance in the month of announcement by the ADB.

Transactions in foreign currencies are converted to VND under actual exchange rates of the serving bank on transaction dates. Monetary items denominated in foreign currencies are revalued annually at the actual exchange rate (buying exchange rate with assets / selling exchange rate with liabilities) of the serving bank at balance sheet date. All exchange differences from these transactions are recorded and presented as "Foreign exchange differences" on Statement of Financial Position.

c. Funds and Expenditures

Funds:

- Funds received from the Asian Development Bank (ADB) are recorded when direct payments are made from ADB to contractors/suppliers or remittance are made into Advance Account. Of which, capitalization of interest charges and commitment fees are recognized upon announcement by the VDB – Quang Nam Branch (twice per year);
- Counterpart funds received from Quang Nam Province State budget are recorded when payments are made directly to contractors/suppliers of the Project or funds remitted to Quang Nam WS for settlement of the Project's activities;
- Counterpart funds received from Quang Nam WS are recorded when payments are made directly to contractors/suppliers or funds remitted to the Project Management Unit for settlement of the Project's activities.

Expenditures:

- ▶ The Project's expenditures (excluding tax) are recorded when they are actually incurred, except for salary costs in "Project management costs" that are allocated upon people assigned to the Project and rates approved by the funds of Quang Nam WS;
- ▶ Value added tax is declared and deducted at Quang Nam WS. Value added tax deductibles is separately presented as an item on Statement of Financial Position.

d. Advance Account and their interest

Advance Account are the deposit accounts in USD opened at the serving bank for the Project's activities. Payments made via the Advance Account are for eligible expenditures of the Project in accordance with provisions of the Loan Number 2961 – VIE signed on 23 May, 2013 and the Loan Number 3251 – VIE signed on 19 November, 2015.

Interest of the Advance Account is considered as receipts of Quang Nam WS and initially recorded as Other payables in Statement of Financial Position. They are used to cover bank charges. At the end of the Project, outstanding interests will be returned to Quang Nam Water Supply and Drainage JSC. In case bank charges are not fully covered by the interests, Quang Nam Water Supply and Drainage JSC will plan to settle by the counterpart funds (according to Circular No.111/2016/TT-BTC dated 30 June 2016).
