I. Project Description and Background of the Report

A. Project Background & Description

1. On 26 September 2013, the Asian Development Bank (ADB) approved the provision of loans under a multi tranche financing facility (MFF) for the Kolkata Environmental Improvement Investment Program (KEIIP or the Investment Program) for an aggregate amount not to exceed \$400 million. The impact of the Investment Program will improve access to water supply and sanitation in Kolkata Municipal Corporation (KMC). The outcome will improve water supply, sewerage and drainage service quality and operational sustainability in selected areas of KMC. KEIIP has three outputs: (i) inefficient water supply assets rehabilitated; (ii) sewerage extension to peripheral areas continued;¹ and (iii) financial and project management capacity further developed. KMC is KEIIP's executing agency. A project management unit (PMU) created under KMC is implementing KEIIP.
2. The first loan under it, Tranche 1 or Loan 3053-IND, amounting to \$100 million, was approved by ADB on 22 October 2013, signed on 3 March 2014 and made effective on 30 May 2014. The work envisaged under Kolkata Environmental Improvement Investment Program (KEIIP) has been conceptualized under three tranches. The First Tranche of the MFF is named KEIP Phase 2, the Second project or Tranche 2 – KEIP Phase 3 and the Third Tranche is KEIP Phase 4.
3. A total of eighteen subprojects prioritizing water works and sewerage & drainage are proposed under **Tranche 2** that includes:
 - (i) **Package TR-2 SD 09:** Construction of Sewerage & Drainage Network in Thakurpara and Purba Putiary Catchment and Construction of Keorapukur PS in Ward -114, Borough XI including operation & maintenance of the pumping station
 - (ii) **Package TR-2 SD 10T:** Sewerage & Drainage Network in Rania Box Catchment (Part of Ward 111,112 & 113) in Borough –XI
 - (iii) **Package TR-2 SD 11T:** Sewerage & Drainage Network in Vivekananda Road Catchment (Part of Ward 113 & 114) & Construction of a Pumping Station in Borough XI including operation & maintenance of the pumping station
 - (iv) **Package TR-2 SD 12:** Laying of Trunk Sewer along James Long Sarani by Micro-Tunnelling Method
 - (v) **Package TR-2 SD 13:** Development of Sewerage & Drainage Development of Sewerage & Drainage Network within James Long Sarani and Mahatma Gandhi Road Catchment in Borough XVI (Part of Ward no. 123 & 124)
 - (vi) **Package TR-2 SD 14:** Laying of Lateral Sewers in part of Borough XIV (Ward no. 128 to 132) & De- siltation of Box Drain at Picnic Garden Road
 - (vii) **Package TR-2 SD 19):** Development of S & D Network in Tolly'sNullah/ Keorapukur canal Sub-basin in part of Wards 115 & 122 including construction of a SWF pumping station in the premises of Kudghat LS – 5 and augmentation of Keorapukur MPS
 - (viii) **Package TR-2 SD 22):** Development of S& D Network in churial Extension Canalsub basin in Borough XIII & xvi (Part of Ward no. 122,123 ,124) including laying of trunk sewer by micro tunneling method and construction of Churial Extension Pumping Station
 - (ix) **TR-2/WS-15:** Construction of Underground Reservoirs & Overhead Reservoirs , Pumping

¹ The 1899 Calcutta Municipal Act defined the administrative domain of the municipal authority as covering 25 wards and having an areal extent of 48.5 square kilometers. Many boundary changes followed, the latest one in January 1984 when Boroughs XI, XII, XIII, XIV and XV were annexed to KMC. These boroughs in the peripheral areas, are popularly known as "added areas".

- Stations & Linking Pumping Station Mains for Water Supply in Joka& Adjoining Areas including operation & maintenance of the pumping station
- (x) **TR2 / WS16:** Laying of Transmission Main from Daspara PS to UGRs at Prantik PH-III , KMC Land on Julpia Road ; and Transmission Main from PS to zonal Reservoirs
 - (xi) **TR2 / WS17A:** Laying of Water Supply distribution network including providing household service connection in 4 distribution service areas in Joka& adjoining areas for the command area under proposed ESRs at PrantikPh-III,N-E of SSE STP and N-W of SSE STP& existing ESR at Prantik
 - (xii) **TR2/WS17B:** Laying of Water Supply distribution network including providing household service connection in 4 distribution service areas in Joka& adjoining areas for command area under proposed ESRs at Company Pukur, WBSETCL & 22 Bigha& Existing ESR at Diamond Park
 - (xiii) **TR2/ WS18:** Laying of Transmission Main from pumping station to proposed 3ESRs at Ramkantapur, Malpara, Charaktala & Construction of the 3 ESRs including laying of Distribution Network with House service connection within the Command Area of the 3 ESRs for Water Supply in Joka and adjoining areas
 - (xiv) **TR2/WS - 20:** Construction of Pumping Station to handle Sludge Water of Garden Reach Water Works (GRWW)
 - (xv) **TR2 / WS24:** Dedicated Water Supply Transmission Main from junction of James Long Sarani to Daspara near existing pumping station along James Long Sarani
 - (xvi) **TR 2 / WS25:** Performance Based Contract for Water Loss Management in Anandapur Area and Patuli Area under Jai Hind WTP
 - (xvii) **TR-2/WS26B:** Water Supply System Instrumentation and Information Technology Upgrade
 - (xviii) **TR-2 / WS-33:** Augmentation of storage capacity and transmission main under Jai Hind WTP- clear water reservoir, service main and electro mechanical works
 - (xix) **WS- 01:** Performance Based Water Loss Management Works at Cossipore Service Zone, Ward No. 1 to 6

Table 1: Summary of Different Packages under Tranche 2

Description	Area / Location	Major Provision	Contract Packages
Tranche 2			
S&D work	Ward – 111 (part), 112 (part), 113 (part), 114 (part), 115 (part), 122 (part), 123 (part), 124 (part), 128, 129, 130,131 & 132	i) Laying of pipe lines –128 km(approx.) ii) Construction of Pumping stations–4nos. iii) Augmentation of Keorapukur MPS at Dhalipara	SD 09 to SD 14, SD 19, SD 22 (Nos. of packages – 8)

Water Supply	<ul style="list-style-type: none"> • Water supply system in Joka & adjoining areas, (Ward no. – 142, 143, 144, 114 (part), 122 (part), 123 (part) & 124 (part), • Water loss management in Jai Hind water treatment plant command area (Part of ward . 101 to 103, part of ward 105 to 109 	<p>i) Laying of Pipe of different diameter including house connections – 619 km (for Joka & Jaihind area)</p> <p>ii) Construction of reservoirs – 11 nos. (9 ESR +2 UGR).</p> <p>iii) Construction of pumping stations – 2nos.</p> <p>iv) Installation of 150 nos. of Bulk water meters and 120,000 nos. of consumer meters</p>	<p>WS 15, WS 16, WS 17 A, WS 17 B, WS 18, WS20 , WS24. ---------------------	--	---	---

4. This semi-annual social monitoring report has been prepared for the period for December 2021 to May 2022, describing the progress of the project works and deliberates upon social safeguards under Tranche 2 of KEIIP following the requirements of the ADB Safeguard Policy Statement (2009) and the Operations Manual section on safeguard policy (OM F1).

B. Scope of the Report

5. The scope of the semi-annual social safeguard monitoring report is to present the periodic update of the project implementation under Tranche 2 of the project in compliance with the ADB SPS, 2009, in particular as per the approved IR documents - Resettlement Plan (RP) and Due Diligence Report (DDR). The report aims to capture (i) critical facts, significant finding, and recommended actions; (ii) capture any adverse impact in terms of IR impact or income loss due to loss of access during construction work; (iii) provide information on necessary safeguard methods adopted to avoid, reduce, minimize, mitigate or compensate any adverse impact due to project work; (iii) identify mitigation measures and any residual negative impacts that cannot be mitigated; (iv) describe the process undertaken during project design to engage stakeholders and the planned information disclosure measures and the process for carrying out consultation with affected people and facilitating their participation during project implementation; (v) describe the subproject's grievance redress mechanism for resolving complaints; (vi) describe the monitoring measures and reporting procedures to ensure early detection of conditions that necessitate particular mitigation measures; and (x) identify who is responsible for carrying out the mitigation and monitoring measures.

6. This report covers Social Safeguard Monitoring, addressing all the issues related social safeguards with reference to the progress achieved and current status of reporting period from December 2021 to May 2022.

C. Sub-Project Categorization and IR Impacts

7. At the project feasibility stage Resettlements Plans (RPs) have been prepared under this Tranche - for the water supply projects (WS 16) and sewerage and drainage project (SD 13, SD 22). The RPs concluded that the subprojects would potentially have temporary impacts and accordingly an entitlement matrix has been prepared summarizing the assistance to be provided to the affected persons. Based on the nature of impact and ADB SPS 2009, the project has been categorized as "Category - B".

8. The primary objective of the social safeguard related to involuntary resettlement states - that impacts to be minimized to the extent possible for any infrastructure development work. With the progress of work for all the subprojects under Tranche 2, adequate measures are proposed to be adopted which is expected to minimize the adverse impacts in terms of temporary losses, as anticipated. However, the RPs for the proposed sub-projects that may potentially cause IR impact have been prepared and are in place, so that in case of any IR impact it will be adequately implemented to reduce the distresses of the affected persons.
9. The following Table 2 summarized potential IR impacts of the sub-projects.

Table 2: Summary Table of Subprojects and IR, IP² impact

Sl. No	Package Title	Status of DDR / RP	Project Outcome	Scope of IR Impact	Impact on Indigenous People	Entitlements
1	TR-2/SD09: Construction of Sewerage & Drainage Network in Thakurpara and PurbaPutiary Catchment and Construction of Keorapukur PS in Ward - 114, Borough XI including operation & maintenance of the pumping station	DDR disclosed on ADB website in April 2016	To construct and upgrade drainage and sewerage facility in ward 114 and O&M of existing PS	NA	NIL	NA
2	TR-2/SD10T: Sewerage & Drainage Network in Rania Box Catchment (Part of Ward No. 111,112 & 113) in Borough XI	DDR disclosed on ADB website in April 2016	To provide drainage and sewerage facility in Borough XI	NA	NIL	NA
3	TR2/SD11T: Sewerage & Drainage Network in Vivekananda Road Catchment (Part of Ward No. 113 & 114) & Construction of a Pumping Station in Borough XI	DDR disclosed on ADB website in April 2016	To provide drainage and sewerage facility in ward 113 & 114 along with construction of PS	NA	NIL	NA
4	TR-2/SD-12: Laying of Trunk Sewer along James Long Sarani by Micro-Tunnelling Method	DDR disclosed on ADB website in April 2016	Provide trunk sewer for S&D work	NA	NIL	NA

²ADB SPS 2009 uses the term indigenous peoples in a generic sense to refer to a distinct, vulnerable, social and cultural group possessing the following characteristics: (i) self-identification as members of a distinct indigenous cultural group and recognition of this identity by others; (ii) collective attachment to geographically distinct habitats or ancestral territories in the project area and to the natural resources in these habitats or territories; (iii) customary cultural, economic, social or political institutions that are separate from those of the dominant society and culture; and (iv) a distinct language, often different from the official language of the country or region.

Sl. No	Package Title	Status of DDR / RP	Project Outcome	Scope of IR Impact	Impact on Indigenous People	Entitlements
5	TR-2/SD-13: Development of Sewerage & Drainage Network within James Long Sarani and Mahatma Gandhi Road Catchment in Borough XVI (Part of Ward no. 123 & 124)	RP disclosed on ADB website in April 2016	To provide drainage and sewerage facility in ward 123& 124	Temporary Livelihood loss due to loss of access No. of APs : 121	NIL	Compensation to 121 APs has been disbursed amounting to Rs. 15,000/- for each.
6	TR-2/SD-14: Laying of Lateral Sewer in part of Borough XIV (Ward no. 128 to 132) & Desiltation of Box Drain at Picnic Garden Road	DDR disclosed on ADB website in April 2016	To provide drainage and sewerage facility in ward 128 & 132	NA	NIL	NA
7	TR-2/WS-15: Construction of Underground Reservoirs & Overhead Reservoirs , Pumping Stations & Linking Pumping Station Mains for Water Supply in Joka & Adjoining Areas including operation & maintenance of the pumping station	DDR disclosed on ADB website in April 2016	To provide clean and safe drinking water through proper infrastructure	NA	NIL	NA
8	TR2 / WS16: Laying of Transmission Main from Daspara PS to UGRs at Prantik PH-III , KMCLand on Julpia Road ; and Transmission Main from PS to zonal Reservoirs	RP disclosed on ADB website in April 2016	Provide clear and safe drinking water to citizens through new water supply works	Temporary Livelihood loss due to loss of access No. of APs : 154	NIL	Out of 154 APs; Compensation to 130 APs has been disbursed amounting to Rs. 15,000/- for each. Due to banking issue ³ disbursement of compensation for 24 APs is yet to be completed. Close followup is going on to update the status.

³ Either dormant account (mainly non compliance of KYCs, non operational account for long) or disputes in change of IFSC code due to bank merge.

Sl. No	Package Title	Status of DDR / RP	Project Outcome	Scope of IR Impact	Impact on Indigenous People	Entitlements
9	TR2 / WS17A: Laying of Water Supply distribution network including providing household service connection in 4 distribution service areas in Joka & adjoining areas for the command area under proposed ESRs at Prantik Ph-III, N-E of SSE STP and N-W of SSE STP& existing ESR at Prantik	DDR disclosed on ADB website in April 2016	Provide clean and safe drinking Water through household connections	NA	NIL	NA
10	TR2 / WS17B: Laying of Water Supply distribution network including providing household service connection in 4 distribution service areas in Joka& adjoining areas for command area under proposed ESRs at Company Pukur, WBSETCL & 22 Bigha& Existing ESR at DiamondPark	DR disclosed on ADB website in April 2016	Provide clean and safe drinking Water through household connections	NA	NIL	NA
11	TR2/ WS18: Laying of Transmission Main from pumping station to proposed 3ESRs at Ramkantapur, Malpara, Charaktala & Construction of the 3 ESRs including laying of Distribution Network with House service connection within the Command Area of the 3 ESRs for Water Supply in Joka and adjoining areas	DDR disclosed on ADB website	Appropriate infrastructure development for safe drinking watersupply	NA	NIL	NA

II. Compensation, Rehabilitation and Mitigation Measures

10. Apart from SD11, WS15 and WS 18, most of the sub-projects under Tranche 2 are being implemented either on government lands or within the RoW of Public Roads owned and maintained by Kolkata Municipal Corporation (KMC) or Public Works Department (PWD Roads) in line with the Resettlement Framework (RF) for the project.

11. For TR2/SD11, land measuring 0.78 acres have been purchased from forty-two private land owners through negotiated purchase for construction of pumping station. For TR2/WS18 three land parcels (measuring 0.41 acres, 0.66 acres and 0.70 acres) have been voluntarily donated by 20 land owners for construction of ESRs under the subproject. For construction of ESRs under TR2/WS15 all lands parcels identified, belongs to government or KMC. Third Party Certification (TPC) for voluntary land donations for SD11 and WS18 have already been done and reported accordingly in the consecutive Semi-annual Social Monitoring Report.

12. During the feasibility study of SD13, SD22 and WS16 it was anticipated that there will be temporary impact on income loss for vendors and shop owners for a brief period – during the subproject construction. Resettlement Plans have been prepared and subsequently approved by ADB for appropriate compensation and mitigation of adverse impacts on the APs. The process of identification of affected persons for all the three projects has been completed and identity cards have been prepared for the APs.

Table 3: Summary of Identified Affected Persons under Subprojects

Sl.No.	Subproject	Number of APs
1.	TR2/SD13 & TR2/WS16 (Common Zone)	121
2.	TR2/WS16	154
Total (SD 13 & WS 16)		275
3	TR2/SD22	31

13. Temporary income loss to 275 shop owners has been identified on the shoulder of Public Right of Way (RoW) of Mahatma Gandhi Road between James Long Sarani Crossing to Prantik Phase – III covering parts of Kolkata Municipal Corporation (KMC) Ward Nos. 143 & 144. As per the design layout, the proposed route of clear water transmission main is divided into two zones within the above mentioned area; Zone-1: James Long Sarani Crossing to Churial Canal Bridge (121 Affected shop owners) it also considered as Common Zone for both SD – 13 & WS- 16 and Zone-2: Churial Canal Bridge to underground Service Reservoir at Prantik Phase III (154 Affected shop owners).

14. Zone-1 is also proposed for Sewerage & Drainage work under separate package (SD-13) of KEIIP Tranche-II packages. It is regardless to mention that, the proposed route of Sewerage and Drainage (S&D) line will be laid in a different alignment to water transmission main without causing any permanent impact like displacement of Affected Persons (APs) due to loss of structures. Hence, the mentioned zone-1 is considered as common zone for both the packages i.e. SD-13 & WS – 16 of KEIIP Tranche – II work. It has been decided by the Project Authority that, to reduce the impact, both the packages will be simultaneously implemented in zone-1 without causing any permanent impact to any of the identified shop owners of Mahatma Gandhi Road.

15. Based on the available design and transact walk it has been assessed that, because of the project work, 121 shop owners of zone – 1 will face potential Temporary Impact on their livelihood due to loss of access for a period of 30 days. Out of 121, compensation to 121 shop owners has already been disbursed under SD-13 package consecutively in August and November 2019. Cash compensation amounting to Rupees Fifteen Thousand (Rs.15,000/-) paid to 121 APs through Account Payee Cheques. The resettlement plan of SD-13 has been updated and subsequently got clearance from ADB. The same has been documented in the earlier Semiannual Social Monitoring Report for Tranche-II packages.

16. Zone-2 has been proposed for laying of clear water transmission main through Mahatma Gandhi Road without imposing any Involuntary Resettlement (IR) Impact on the existing 154 shop owners in terms of loss of structure or dislocation from their actual position. The construction work has been proposed within Public Right of Way (RoW) and design has been made preciously keeping in view the position of the shops. The routing of water transmission line will be done within the vacant portion of the road shoulder, closer to the existing carriageway. Decision has already been taken that, if required, the pipe will be laid underneath the carriageway where shops are closer to the road and thus will avoid any permanent impact on the existing structures. Based on the available design and transact walk it has been identified that, the 154 shop owners of zone-2 will face Potential Temporary Impact on their livelihood due to loss of access for a period of 30 days. None of the surveyed potentially affected persons were found to be vulnerable.

17. Out of 154 affected persons, compensation has been disbursed to 130 shop owners (Appendix 1) through direct Bank Transfer (contactless) method. This process has enabled to contain human spreading of Covid 19 virus. Details of bank accounts and other relevant documents were collected through validation survey and compensation amount of Rs.15000/- (for each AP) was transferred directly into the bank accounts of the APs. Out of 154 identified affected shop owners; till date a total number of 130 APs have received their compensation amount. Remaining 24 APs will receive compensation amount in the same process as soon as they update their bank accounts status (refer footnote 3). From the project end strong follow up is going on to assist the affected persons to resolve their banking issues. Out of 24 pending APs; account status has been updated for 3 affected persons, disbursement of compensation will be completed as soon as the remaining APs completed their process.

18. Temporary impacts to traffic and residences due to digging and excavation of trenches for laying of sewerage and drainage pipeline are anticipated, that will be mitigated by ensuring access to properties, through provisions of pedestrian planks, provision of adequate signage, and careful traffic management. In some areas traffic diversions with prior planning and management by the Contractors in consultation with the Traffic Police authorities and the community will be required. The community people have been duly informed about the subprojects and will be consulted before start of civil work.

19. The Tranche – II subproject have been designed in such a way that it will not have any adverse impact by adopting suitable technology and routing of pipes along public ROW. Moreover, proper implementation of Environment Management Plan and effective traffic management will minimize the scope of impact too.

20. List of 121 Affected Shop Owners are appended in table 4.

III. Public Participation & Consultation

22. Public consultation and participation of the community and stakeholders to keep them informed on the project progress, their involvement in the process and issues pertaining to environment and social considerations. Several consultations were conducted with the community members (residents, business owners, workers) and other key stakeholders at the subproject locations to better understand the existing gaps in drainage and sewerage system, issues related to water logging and concerns related to progress of civil work under the subproject in their respective areas.

23. Based on the standing instruction of Govt. of West Bengal for containment of human spreading of CORONA virus, public gathering is restricted until the situation permits. Following the directives by the highest authority, public consultation meetings have not been arranged during the reporting period.

24. However KMC Borough level consultations arrangements are in place in Borough XIII, XIV & Borough XVI offices. Staffs from Social safeguard Cell of PMU have being deployed to consult with the visitors for

- i) Providing project related information
- ii) Maintaining field level co-ordination among all the line departments including KMC, CMU, DSC, PMU and project contractors etc for sharing information and resolving issues.
- iii) assisting the local people to register their grievances

25. Under sewerage and drainage component of KEIIP SD –13, SD - 14 SD – 22, SD - 09, SD – 10T & 11T till May 2022, a total number of 6594 households have been consulted for underground sewerage and drainage connection at a subsidized charge which is also an integral part of project outputs. Prior to house connection each household were consulted individually regarding the benefits and proper use of it. A printed leaflet describing the key project objectives, procedure of house connections etc. was described and distributed among the beneficiaries for public awareness and participation.

26. Apart from field level consultations weekly meetings at KMC Borough Offices at Borough XI, XIII, XIV and Borough XVI is in progress Appendix 14.

27. Door to door survey and filed level consultation with the end users are integral part of KEIIP's Sewerage & Drainage Component. Experienced and duly trained Project Assistants of Social Safeguard Cell, approach each house hold within the subproject area.

28. The main purpose of such visit, is to aware the users regarding the underground sewer system replacing the existing open surface drain and involve the community in the process by encouraging them to shift to newly constructed underground Sewerage & Drainage System.

29. During this Door – to – Door survey a printed Leaf Let is also distributed among them for information dissemination. The Key Points which has been printed in the Leaf Lets are:

- A brief introduction of KEIIP as an initiative of Kolkata Municipal Corporation with the financial assistance of Asian Development Bank to arrest the degradation of

⁴ Due to Covid situation no signatures could have been collected from the visitors who have been consulted in different borough offices.

environmental issue of Kolkata city.

- Process of getting a new underground house drainage connection and its facilities.
- The cost involved in the process is also printed to maintain transparency at every level
- Information like address, phone no, fax no. etc so that anyone can have an easy access at anytime to lodge any grievances.
- A design of House Pit which will be required to be constructed by the households to avail the underground house drainage connection.

30. Weekly two days at each Borough have been declared by the Project Authority, so that anyone can meet the concerned project representatives at local KMC Borough Offices if missed out during field visit.

31. All the meetings, consultations are being conducted through strict adherence of Covid protocol as per project guideline.

IV. Grievance Redress Mechanism (GRM)

32. A common grievance redress mechanism (GRM) has been established for social, environmental or any other subproject related grievances.

33. Grievance Redress Process: PMU maintains a Complaint Cell at KEIIP office, located at 206 A J C Bose Road Kolkata 700017 headed by a designated Grievance Redress Officer, which is currently officiated by the Administrative Officer under Project Director of KEIIP. The Complaint Cell will also serve as Public Information Centers, where, apart from grievance registration, information on the Project, subprojects, social and environmental safeguards, etc can be provided.

34. At every Borough Office of KMC under which the civil works are in progress, a drop box has been kept to receive and complaints and suggestions from the community people. At Contractors' site offices, complaint and suggestion register have been made available for lodging any complaints. The concerned Executive Engineers of KEIIP monitor these registers during their site visits and if possible take necessary actions for redressal of minor complaints with intimation to the complainant.

35. The Grievance Registration / Suggestion Form are available at the Complaints Cell and in Borough Offices and will also be downloadable from the KEIIP/KMC websites. Grievances / suggestions of affected persons can be dropped into suggestion boxes or conveyed through phone or mail. Affected Persons will also be able to register grievances - social, environmental or other, personally at the Complaint Cell and at Borough offices of KMC.

36. All complaints (unresolved at local site / Borough level) relating to KEIIP are to be sent to the project Director, KEIIP including those received in the KMC/KEIIP website for redress. The Grievance Redress Officer is responsible to resolve simple unresolved issues and in case of complicated issues, consult/seek the assistance of the Environment/Social Specialist of the DSC/PMU. Grievances not redressed through this process within one month of registration will be brought to the notice of the Project Director, KEIIP. Action taken in respect of all complains will be communicated to the complainant by letter, over phone or e-mail as the case may be.

37. Periodic community meetings with stakeholders have been conducted on regular basis, explaining the Grievance Redress Mechanism of the project. Handouts developed in vernacular language have been distributed among the affected persons. Banners and Posters explaining Grievance Redressal process have been displayed at prominent places of subproject area. People have been informed that they can lodge their complaints at every construction sites or Contractors' site office of respective packages. Suggestion Box have also been mounted in KMC Borough Offices of Br. I, XI, XIII, XIV & XVI to cover major portions of TR-II subproject areas.

38. Grievance Redress Committee (GRC): A PMU level GRC has been constituted by the Project Director to address grievances. Grievances not resolved at borough level are referred to PMU level. However grievances that cannot be resolved at PMU level may be referred to the apex grievance redress committee (GRC).

39. Time period for grievance redress at each level are as follows:

- Site level – 7days
- Borough level – 7days
- GRC – PMU level – 15days
- Apex GRC- 15days

40. A summarized assessment of all Grievances under different packages of Tranche – 2 has been presented in the table no 5. All the grievances have been received and addressed by the package wise respective contractor's end. The following table has been computed as per the latest available record within the scope of reporting period of this Semi - annual Social Monitoring Report. Based on the grievances received at field level, it has been observed that they are related to minor damages in (i) water supply pipes, (ii) damages in boundary line of the property, (iii) stagnant water which occurred during excavation.

V. Institutional Arrangement

41. An institutional arrangement is in place for the project that ensures, all sub-projects are implemented in compliance with ADB SPS, 2009. The subproject is being implemented and monitored by the Project Management Unit (PMU). At the PMU level, there are two safeguard specialists' responsible environmental and social safeguards. PMU Environment Specialist is the overall in-charge on Environmental safeguard of the program. The responsibilities of the Environmental Specialist ensures that (i) environmental safeguard issues are addressed; (ii) EMP/ approved Site Environment Plan (SEP) is implemented; (iii) physical and non-physical activities under the subproject are monitored; and (iv) monitoring reports are prepared on time and submitted to ADB. Safeguard Monitoring Unit (SMU) of PMU is ensuring field level monitoring and safeguard documentation

42. For ensuring social safeguards for the project the Social Safeguard Specialist of PMU is supported by a Social Monitoring Unit (SMU). The PMU Social Safeguard Specialist ensures monitoring and implementation of social safeguards at subproject locations. The PMU Social Safeguard Specialist is supported by the Social Safeguard Specialist from Design and Supervisions Consultants (DSC) who is also responsible for regular monitoring follow ups and support the SMU team with handling of social issues at subproject locations.

43. The Safeguard Monitoring Unit is responsible to: (i) conduct site visits to all sub-project locations in regular intervals, (ii) orient Contractors and its workers on social safeguard, so that the implementation work is carried out in compliance, (iii) community consultation and awareness programs at subproject locations, (iv) collect information related to grievance/ complaints and duly informs higher authorities of the Project and Contractor Engineers for redress, and (v) prepare monthly progress report and monitoring reports.

VI. Monitoring Results – Findings

44. The project areas have been visited by the safeguard team from PMU, DSC along with the DSC Engineers in presence of the Contractors. In most of the Tranche – 2 subprojects areas; there are no major findings related to IR Impact. Temporary livelihood loss occurred under packages SD – 13 & WS – 16 at Mahatma Gandhi Road. During consultation with the project Affected Persons, they have spontaneously expressed their consent and support towards the project.

VII. COMPLIANCE STATUS

VIII. FOLLOW UP ACTIONS

45. The follow up actions for the next phase are as follows:

- Monitoring of the subproject implementation to assess the IR impacts and accordingly mitigate the issues.
- Conduct stakeholder consultation at the subproject locations
- Create awareness among community people in subproject implementation locations on grievance redress mechanism and to use it.
- Disbursement of Compensation to 24 Nos. of APs at Mahatma Gandhi Road under Package WS – 16 and 31 APs under SD – 22 package
- Updation of Resettlement Plan of Packages SD – 22.
