2. EXECUTIVE SUMMARY

This report presents the status and progress review of the Small Ethnic Community Peoples Plan (SECPP) of the project Skills for Employment Investment Program (SEIP) in Bangladesh and the project as a whole under tranche 2. The report period is from January to June 2020.

Tranche 2 is a 128.5 million dollar segment of SEIP project funded by Government of Bangladesh and ADB Loan 3468-BAN, aims to increase employment in priority sectors and skills for the workforce (i) delivering market responsive inclusive skills training (output 1) and (ii) strengthening quality assurance system, institutions, and skills development monitoring and management (outputs 2, 3 and 4). The Finance Division of the Ministry of Finance (MOF) is the executing agency, and the Skills Development Coordination and Monitoring Unit (SDCMU), within MOF, is the implementing agency. To deliver the trainings (output 1), SDCMU partnered with agencies in the public and private sector (implementing partner agencies or IPAs). SDCMU engaged the IPAs to undertake the enrolment, training, and job placement activities. The IPAs undertake these activities either through (i) their own training centers or (ii) partner training centers (PTCs). Small Ethnic Community Peoples Plan (SECPP) is an integral part of the project implementation and semiannual report on SECPP which is an obligation from the borrower's end.

The report focuses on the progress of SECPP targets in relation to four project outputs such as: Delivery of Market Response Inclusive Skills Training; Strengthening of Quality Assurance System; Strengthening of Institutions and Improvement of Management and Governance for Skills.

Progress rate of special stipend is 42% of the target of Tranche 2 and the female stake in the special stipend is 39.82% of the total recipients. Target related to participation of women in terms of enrollment in the training is 34.44 % which is aligned with the project target. Participation of socially disadvantaged population in SEIP training is in good track. Total enrolled trainees from SEC till June 2020 is 6541 and in Tranche 2 the number is 2626. Other than pandemic situation, no major challenges emerged during the reporting period from the perspective of social safe guard.

Target of participation of women and socially disadvantaged population including special stipend and training for group has been achieved. No major challenges emerged during the reporting period.

4. UPDATES OF SMALL ETHNIC COMMUNITY PEOPLE'S PLAN

No adverse impact is envisaged on the SECs of Bangladesh associated to this project implementation during this reporting period. Rather SEIP follow an inclusive approach to uphold the notion of equity. Tranche 2 is classified as Category B for indigenous peoples' safeguards according to ADB's SPS (2009). The project will generate beneficial impacts on SECs by providing increased opportunities for training through expanded training provision across the country, combined with targeted support for disadvantaged groups including ethnic minorities. A small ethnic community people plan (SECPP) is in place to ensure the benefits of training activities for SECs under Tranche 2.

10,000 small ethnic community people are targeted for providing skills training. By following the requirement of SECPP, SEIP has an enrollment strategy to enroll small ethnic community trainees in the training institutions located in Rangamati, Khagrachari, Bandarban, Rajshahi, Rangpur, Dinajpur, Naogaon, Sylhet, Habiganj, Tangail, Panchagar, Barisal and Sirajganj. Moreover, SEC trainees are entitled to get admission to any of the institutions under SEIP and received training as well as special stipend.

As of 30 June 2020, under Tranche 2, 25,243 trainees received special stipend of which 10,052 (39.82 %) were female trainees. As per TMS, a total of 6541 SECs trainees have been enrolled till June 2020 of which 2626 are from Tranche 2; out of that number 82% SEC trainees enrolled from selected districts. Total job placement number of SEC under both tranche is 3602 and for T2, the number is 1348. The rate of job placement is 64% against total certification. For T2, this rate is 67.23%. Details of SECs trainees' given in the Annexes of the report.

In addition to special stipend, all existing SEC and women trainees were given tk 5000 each as special allowance for supporting them in the COVID-19 pandemic situation.

6. CONCLUSION

SEIP project aims at developing an employable workforce equipped with market relevant skills and knowledge, it pays special attention to the people living below poverty line, the disadvantaged, and people from remote areas, including ethnic minorities. In specific, the project fosters more equitable access to skill development including those from SECs.

The project is focusing on creation of employment opportunities for the small ethnic community peoples significantly and thereby contributing to poverty alleviation in the SEC positively. Skills training programs are designed to equip the small ethnic community peoples with necessary skills, knowledge, and competencies to contribute to the productivity of the nation. The employment opportunities will increase as they will be in much greater demand from employers because of their better quality skills. Such training is expected to have substantial impact on members of the small ethnic community to uplift their social and financial status by being skilled and getting employed.

TMS data specifies that SEIP has been able to achieve a good progress in line with the target regards to SEC and women's participation. Institutional development and strengthening quality assurance of the program are ongoing. Stronger efforts may ensure achieving the targets. There is a Governance Redress Mechanism in SDCMU. There is scope to develop GRM further which may contribute towards quality implementation of the project. SDCMU aims to develop it further in coming days.
