This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the act safeguarding the assets of the company and for preventing and detecting frauds and irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of accounting record, relevant to the preparation and presentation of these Project financial statements that give true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Project financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Project financial statements are free from material misstatement.

An audit involves examining, on a test basis, performing procedures to obtain audit evidence supporting the amounts, internal checks and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the entity's preparation of the Project financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the company has in place and adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. There are inherent limitations of audit whereby material misstatement arising due to fraud and error may not be detected.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the aforementioned project financial statements and appended notes that are subject of audit give a true and fair view, in all material aspects to the financial position of the Project as at 31st March 2018, and are in accordance with Accounting Standards prescribed in India.

The Company has generally complied with covenants of the loan agreement as at the date of balance sheet and major deviations having significant impact on the project are not observed.

With respect to statement of Expenditure, adequate supporting documentation has been maintained to support claims to the ADB for reimbursements of expenditure eligible and incurred for financing under Loan agreement.

The Company has not availed any Imprest Account under this loan and as a result the use and procedure of Imprest Account are not applicable.

The Project financial statements of the KIUWMIP for the loan for the year ended March 31, 2018 are prepared, in all material respects, in accordance with the financial reporting provisions of Multi-tranche Financing Facility implemented by the company under ADB Loan.
